14. SALMON CREDIT - If you checked Yes in box 11, multiply Total Taxable Value by .8% (.008). This is the amount of your Salmon Credit for harvest. $ Transfer Total to Summary Page

COMPLETE AND RETURN THIS PAGE WITH THE FRONT PAGE TO THE DEPARTMENT OF REVENUE

1. Enter the quarter and year in which the harvesting occurred.
2. Enter page number of detail page, (i.e. Page 1 of 3.)
3. Enter Timber Owner’s name.
4. Enter Landowner’s name. This may be the same as Timber Owner.
5. Your Tax Reporting Account Number is nine digits long, located on the front (summary) page, right above your name and postal bar code. The first three digits are 800.
6. Blocks 4 through 8 are found pre-printed in the middle of the front (summary) page.
7. Enter number of acres logged this quarter.
8. Check the box to indicate either a partial or clear-cut harvest.
9. If harvesting is complete for this section as of the quarter you listed above, check Yes. Otherwise, check No.
10. See Approved Salmon Credit column on the front (summary) page. Check the appropriate box as it appears on the summary page.
11. Enter the NET amount volume you harvested to the nearest MBF (thousand board feet). You can get this information from your mill slips or your logger/operator. For weighed ton amounts, simply add the ton amounts together and then divide by 8. This converts tons to MBF.
12. Enter the total sale price for logs at the mill before anyone acquired any share of the money. This is your gross amount.
13. Itemize your documented costs to the right. Total the column and transfer the amount to 2a. Be careful to include only costs directly associated with the cutting and hauling of your timber. See instructions on page 4 of your tax return for a complete list of allowable and non-allowable costs.
14. If you harvest the timber yourself or do not have documented records, use the straight 35% deduction of the gross amount for your costs.
15. Subtract 2a or 2b from line 1 and enter on line 3. This is your net amount that you received for your timber. Transfer this amount to the summary page and pay 5% of this amount for your Forest Excise Tax.
16. This only applies to the buyer and is based on the purchase price of standing or fallen trees. Real Estate Excise Tax is due by the seller of standing timber.
17. If you checked Yes in box 11 above, multiply the Total Taxable Stumpage Value (line 3 above) by .8% (.008) Transfer this amount to the summary page in the appropriate boxes.
