

Local Government Partnership Fall Meeting

Come join us!

The Local Government Partnership Meetings are a great opportunity for all local governments to share information, connect with Department staff and peers, and help in the planning of future tools to enhance local tax administration and communication. At the meetings, you'll also have an opportunity to:

- Exchange information on possible legislative proposals;
- Receive updated information on SST mitigation and city/county assistance (6050 distributions);
- See initiatives that the Department is working on that impact you – local governments; and,
- Provide additional suggestions for strategic priorities.

We look forward to seeing you! Participation of local governments like yours adds value and depth to these meetings.
