

## Public Service Announcement

From the Washington State Department of Revenue (July 2014)

If your business is impacted by the Eastern Washington wildfires, the state Department of Revenue wants you to know that you can ask for a tax filing extension. Plus, if you miss your tax filing deadline, you can request a late payment penalty waiver.

Go online at [dor.wa.gov backslash disaster relief](http://dor.wa.gov/backslash-disaster-relief) for more information or call 1-800-647-7706. That's 1-800-647-7706 to ask for a tax filing extension if your business has been affected by the Eastern Washington wildfires.
