Purpose:

Under RCW 43.20A.725 and 80.36.430, the Department is required to annually determine the tax rates imposed on switched access lines to fund the telephone relay service program and the Washington telephone assistance program. The Telecommunications Relay Services (TRS) and Washington Telephone Assistance Program (WTAP) tax rates are determined by dividing the respective program budgets by the number of switched access lines reported to the Department in the prior calendar year. The Department retains no discretion in the determination of these tax rates, the amount of which is explicitly dictated by the statutory formulas and inputs provided to the Department.

The Department is amending WAC 458-20-270 to recognize the tax rates to be used for the period of July 1, 2009 through June 30, 2010. The TRS rate decreases to 11 cents per switched access line for the upcoming fiscal year. The WTAP rate remains the same at 13 cents per switched access line for the upcoming fiscal year. These rates were previously announced by the Department in a special notice dated April 7, 2009 and can be found at http://dor.wa.gov/Docs/Pubs/SpecialNotices/2009/sn_09_TelephoneRates.pdf
