INSTRUCTIONS

Marine Terminal Operators or Taxpayers with Direct Pay Certificates

Enter the total number of barrels of crude oil or petroleum products first received in Washington from a waterborne vessel or barge on which you are paying the tax this month. Multiply the barrels received by the tax rate shown to get the amount of tax.

Credits for Export

If you exported crude oil or petroleum products on which you already paid this tax, enter the number of barrels on lines 2 & 3 corresponding to the tax rate paid. If you exported crude oil or petroleum products on which a previous owner already paid this tax, enter the number of barrels on lines 4 and 5 corresponding to the tax rate paid.

Credits for Consumption or Manufacturing Component

For previously taxed oil or petroleum products which you used as a consumer for a purpose other than as a fuel, or you used as a component or ingredient in the manufacture of an item which is not a fuel, enter the number of barrels on lines 6 and 7 corresponding to the tax rate paid.

Credit Return

If the result of your tax due calculation is a credit, we will send you a credit notice. Credit notices may be used to offset future oil spill tax liabilities, or you may request a refund.

Payment

Make your check or money order payable to the Washington State Department of Revenue and mail to the Washington State Department of Revenue, PO Box 47464, Olympia WA 98504-7464.
