## INSTRUCTIONS

### Marine Terminal Operators or Taxpayers with Direct Pay Certificates

Enter the total number of barrels of crude oil or petroleum products first received in Washington from a waterborne vessel or barge on which you are paying the tax this month. Multiply the barrels received by the tax rate shown to get the amount of tax.

### Credits for Export

If you exported crude oil or petroleum products on which you already paid this tax, enter the number of barrels on lines 2 & 3 corresponding to the tax rate paid. If you exported crude oil or petroleum products on which a previous owner already paid this tax, enter the number of barrels on lines 4 and 5 corresponding to the tax rate paid.

### Credits for Consumption or Manufacturing Component

For previously taxed oil or petroleum products which you used as a consumer for a purpose other than as a fuel, or you used as a component or ingredient in the manufacture of an item which is not a fuel, enter the number of barrels on lines 6 and 7 corresponding to the tax rate paid.

### Credit Return

If the result of your tax due calculation is a credit, we will send you a credit notice. Credit notices may be used to offset future oil spill tax liabilities, or you may request a refund.

### Payment

Make your check or money order payable to the Washington State Department of Revenue and mail to the Washington State Department of Revenue, PO Box 47464, Olympia WA 98504-7464.
