Administration

Liquor Control Board. Statutorily, the Department of Revenue is responsible for the liquor 
liter tax, although calculation and payment of the tax is handled by the Board. The tax is 
included in the selling price of spirits by the Board, along with the liquor sales tax and the 
Board's markup in retail price. The Board transmits the receipts to the Department on a 
monthly basis. The Department, in turn, transmits the receipts to the State Treasurer, who 
deposits the funds in the proper accounts.

Distribution of Receipts

Basic rate & surtax ($1.9608) - state general fund.

Additional tax ($0.07) - state general fund (previously the violence reduction 
and drug enforcement account per RCW 69.50.520 
until July 1, 2009).

Additional tax ($0.41) - state general fund (previously the health services 
account per RCW 43.72.900 until July 1, 2009).

Additional tax ($1.33) - state general fund (previously a small portion was 
dedicated to the health service account (2.3 percent) 
and to the violence reduction/drug enforcement 
account (0.2 percent) until July 1, 2009).

Exemptions

Sales to the federal government for resale through commissaries at military installations.

History

This tax was established in 1961. Initially it was levied on the basis of fluid ounces at a rate 
of 1.1 cents per ounce. The rate was increased in 1965 to 2 cents and in 1971 to 4 cents. In 
1981, it was again increased to an equivalent of 5 cents per ounce, but the basis was 
changed to liters at the current basic rate of $1.72 per liter. Surtaxes were added in 1982, 
increasing the rate to $1.9608. The temporary 7 cent tax to fund drug education and 
enforcement programs was effective on July 1, 1989. In 1994, this rate was made 
permanent by the Legislature; it was approved by the voters in November 1994 (the first 
voter-approved tax extension or increase under Initiative 601). The additional tax for health 
care began on July 1, 1993, at a rate of 20 cents per liter; it was increased to 30 cents on July 
1, 1995, and to the current 41 cents on July 1, 1997. The latest rate increase of $1.33 per 
liter was adopted in 2005, effective on July 1, 2005.
In 2009, the receipts from the 7 cent tax for drug programs, the 41 cent tax for health care, and the portion of the $1.33 tax, a small portion of which also went to these two accounts, were shifted to the general fund, effective July 1, 2009.
