County Assessor's Manual

FOREWORD

The county assessor is responsible for determining the true and fair value of locally assessed properties, real and personal. The wellbeing of local government and of the taxpayers it serves depends on the thoroughness and fairness of the assessor.

Responsibilities of the assessor are many, varied, and changing. Newly elected or appointed officials and staff may require assistance in learning and mastering the myriad concepts, terms, laws, rules, policies, and procedures that apply. Even experienced assessors need occasional reference material.

The Washington State Association of County Assessors (WSACA) was appointed and assigned the duty of developing a manual for the office of County Assessor.

This manual, which was originally approved by WSACA, is maintained and periodically updated by the Property Tax Division of the Department of Revenue (DOR). It serves as a reference guide for assessors and is intended for practical use.

For General Information pertinent to laws or rules relating to the duties of the assessor, refer to the Revised Code of Washington (RCW), the Washington Administrative Code (WAC), and Property Tax Advisories (PTA).

If Specific Information is Necessary relative to state laws or judicial rulings, contact your Prosecuting Attorney. Some areas have court cases listed, which were linked in older versions of the Manual, there are no links in this version.

CHAPTER 1 – General Information

1.1 State Government

At the state level, the government of Washington is organized along the same lines as the federal model with three branches of government. The underlying theory is the power to govern is divided into three parts to provide checks and balances and to prevent the centralization. The government is composed of the legislative branch, the executive branch, and the judicial branch.

Legislative Branch

The legislative branch is made up of the House of Representatives and the Senate. The Senate has 49 elected members corresponding to the number of legislative districts in the state. The House of Representatives has 98 elected members, two for each district. The general functions of the Legislature are to provide funding through the appropriations and budgeting process and to pass legislation, which becomes the statutory law of Washington. Legislation may originate in either house, but it must be passed by both houses before the bill passes to the governor. The governor can either sign the bill into law, veto portions of the bill before signing, or decide not to sign the bill. If the governor does not act on a bill that passed both houses, the bill becomes law without a signature.

More information about the legislative process is available through the [Washington State Legislature](http://leg.wa.gov/) website at <http://leg.wa.gov/>.

Executive Branch

The executive branch of government is represented by the Governor, the appointed state officials who form a cabinet, and the elected state officials. The Governor is charged with enforcing the laws of the state. To do this, they appoint a number of officials with statewide jurisdiction who are the heads of the administrative state agencies. These administrative agencies fall into the general categories of natural resources, general government, transportation, human services, education, and economic development.

In addition to the Governor and the agency heads, executive power is also shared by various independently elected statewide officials:

- **Lieutenant governor:** The president of the Senate who serves as Governor when the incumbent is out of state or incapacitated.
- **Treasurer:** The chief fiscal officer for the state. The treasurer is responsible for collecting, safeguarding, and investing the state's monies and attending to other financial matters which affect the state.
- **Attorney general** - The lawyer for the state. The office represents the various divisions and departments of the state, prosecutes and defends actions pertaining to the state, and has a limited authority to prosecute crime.
- **State auditor** - Audits state agencies and divisions of local government. The office is responsible for preparing a uniform budgeting, accounting, and reporting system and issues advisory opinions on the propriety of financial record keeping.

- **Secretary of state** - Charged with four major areas of responsibility: election supervision, corporation and limited partnership filings, the state archives, and charitable solicitation registrations. The office is the custodian of The Seal of the State of Washington, the State Constitution, and all original session laws passed by the Legislature.
- **Superintendent of public instruction** - Created to centralize the operation of the former elected county superintendents of schools. The office is responsible for working with local school boards and educational service districts to provide primary and secondary education throughout the state.
- **Insurance commissioner** - Responsible for registering insurance companies operating in the state and overseeing the compliance and penalty provisions of the state insurance code. The office also supervises the formation of insurance locally and generally oversees the reinsurance market.
- **Commissioner of public lands** - Oversees the Department of Natural Resources. The office has the responsibility of keeping the state trust land productive and able to provide financial support for the state's educational and other institutions. The department has several regulatory and service-related duties concerning natural resources and must develop plans for the management of the state's three million upland acres.

Judicial Branch

The judicial branch of government is composed of the Supreme Court, Court of Appeals, and the lesser courts organized after these two. The Supreme Court is the ultimate arbiter of state law and has the responsibility to interpret state statutes and the State Constitution. It promulgates the common law through its decisions and decisions of the lower courts. The Court of Appeals is an intermediate appellate body which reviews decisions by the state's trial courts and is, subject to review by the Supreme Court.

Below the level of the Court of Appeals are the:

- **Superior court** - The countywide trial court of primary jurisdiction, its judges are both state and county officers. It handles all matters criminal and civil and often acts as an appellate body to review decisions of lower courts.
- **District court** - Operated by the county, and its jurisdiction extends only to that portion of the county which is within its judicial district. It is empowered to consider minor criminal and civil matters and provides the public with judicial recourse which is less expensive and more accessible than the superior court.
- **Municipal court** - Organized under the jurisdiction of the city, and its authority does not reach outside the city limits. It is principally responsible for considering violations of city ordinances.

1.2 County Government

A county is defined as an administrative subdivision of a state and, in the United States, is the next subdivision below the state. A county government is made up of a number of offices and agencies charged with the responsibilities of carrying out the requirements of the State Constitution as they pertain to taxation, licensing, judicial, police, and essential services to the public.

The state of Washington has 39 counties. A county's system of government follows the standard form of county government, except those counties that have adopted through a public vote to operate under the "Home Rule" charter form of county government. The major difference involves greater flexibility in the structuring of the local government through use of a charter. Home Rule Charter counties are allowed to pass ordinances and

resolutions on matters not addressed by the Washington Constitution, while counties not under such a system must rely on the Legislature to enact such matters.

Standard Form of County Government (non-charter)

- Controlled by state laws [Chapter 36.32 RCW](#)
- 32 counties use this form of government
- County legislative authority is 3 to 5 elected county commissioners
- County legislative authority may appoint a county administrator or manager

Home Rule Charter Form of County Government

- Article XI Section 4 of the Washington State Constitution permits a county to establish a "Home Rule" charter. The charter permits flexibility in the form of local government.
- 7 counties (Clallam, Clark, King, Pierce, San Juan, Snohomish, and Whatcom)
- According to the charter, county officials may be elected or appointed, and the positions of elected officials may be partisan or non-partisan.
- Based on each county's charter, the county legislative authority includes the elected county council (currently 3-9 members) and may include the elected county executive in some counties. Clallam County is a charter county with three county commissioners.
- Most charter counties without an elected county executive appoint a county administrator or manager.

Generally within a county, "offices" are headed by elected officials, while "agencies" or "departments" are usually a branch of an elected office, most often under the jurisdiction of the county legislative authority.

More information about county government is available through the following organizations:

[Washington Association of County Officials \(WACO\)](#)

[Washington State Association of Counties \(WSAC\)](#)

[Municipal Research and Services Center \(MRSC\)](#)

The following sections summarize the structure and duties of each elected county office.

1.3 County Assessor

The assessor's primary duty is to determine the value of all taxable real and personal property within their jurisdiction for the purpose of equitable distribution of the tax liabilities of property owners for various districts. The amount of taxes to be paid or amount of levy required is determined by the various taxing district officials such as the state of Washington, county and city legislative bodies, school boards, fire district commissioners, junior taxing districts, and even the voting public for special levies.

State law requires the county assessor to revalue real property on an annual basis. The frequency of physical inspection of property must be at least once every six years. Revaluation of properties in the interval years between each physical inspection is accomplished by means of statistical analysis. Any taxpayer that disagrees with the value determined by the assessor has the right to appeal the valuation to the county board of equalization.

In addition to property record inventory and appraisal reports maintained on properties in the counties, the assessor is required to keep numerous other records. A detailed series of maps showing all properties in the county must be maintained. A geographic information system (GIS) and set of aerial survey photos are also a vital part of the mapping system in most counties. Each time a parcel of property is sold or divided, or a new plat is filed, the transaction is shown in the assessor's records. The assessor maintains the assessment roll of the county, listing ownership, description, tax code area, location, and the assessed valuation for all property in the county.

1.3.1 County Assessor – Election or Appointment

The Territorial Assembly in 1854 created the office of county assessor. Some counties abolished the office in 1925, then the state Legislature restored it to all counties in 1937. The assessor is not a constitutional office. In the state of Washington, all assessors are elected with one variation. In Pierce County, the elected positions of assessor and treasurer is combined. The Pierce County Assessor-Treasurer oversees one office that conducts all assessor and treasurer functions.

In "Home Rule" counties, an assessor could be elected or appointed, partisan or nonpartisan. A county could have prerequisites for a position even if it is an elected position (like the prerequisite that a person must pass the state bar exam to run for prosecuting attorney). A county could also combine offices (as in the case of Pierce County) with a Home Rule charter.

In all 39 counties, the assessor (assessor-treasurer in Pierce County) is elected for a four-year term. The four-year terms are as follows:

33 Counties:	January 1, 2019, 2023, 2027 etc.
King, Snohomish, and Whatcom Counties:	January 1, 2020, 2024, 2028 etc.
Pierce County:	January 1, 2021, 2025, 2029 etc.
Clallam and San Juan Counties:	January 1, 2019, 2023, 2027 etc.

For information on an appointment to fill a term following a vacancy in office, refer to [RCW 36.16.110](#) and [RCW 36.16.115](#). Refer to Chapter 42.12 RCW concerning vacancies caused by death or disqualification.

The central committee of the political party of the vacated position will submit three names of candidates to the county commissioners (in the 32 counties without Home Rule) and the county commissioners will then appoint the new assessor. If the appointee does not run for office at the next general election or does not win the election, they are immediately replaced by the winner. Note: Home Rule counties may have some revisions of the procedure noted above.

1.3.4 County Assessor – Budget

The due dates for submitting annual budgets (for the 32 non-Home Rule counties)*:

To county auditor:	Second Monday in August	(RCW 36.40.010)
To county commissioners:	First Tuesday in September	(RCW 36.40.050)
Final budget due:	First Monday in December	(RCW 36.40.080) and (RCW 36.40.071)

****Home Rule counties may have similar or different due dates.***

[RCW 84.41.050](#) states that each county assessor shall make adequate provision in budgets to effect countywide revaluation as directed. In passing the budgets submitted by the assessors, the boards of county commissioners shall authorize and levy amounts which in the judgment of the board will suffice to carry out the direction of this chapter. (Also see [RCW 84.41.060](#) – Assistance by department of revenue at request of assessor; [RCW 84.41.070](#) – Finding of unsatisfactory progress – Notice – Duty of county legislative authority; and [RCW 84.41.080](#) – Contracts for special assistance.)

The Washington State Auditor is required by state law to issue accounting and reporting requirements for local governments. Most counties in the state of Washington use a budget/accounting system known as BARS (Budgeting, Accounting and Reporting System). To review the entire BARS manual, see your county auditor or website of the [Washington State Auditor](#).

In many counties, the legislative body (commissioners or council) requires a written narrative with the budget request. It is often helpful to review prior successful budget request. It is also helpful to spend some time with your county auditor to review the budget process early in the year.

There are three methods of presenting a budget:

1. Written outlines.
2. Written narratives.

3. Oral presentations at public hearings or finance committee hearings, or before the county commissioners or county council.

Supporting documentation could include letters from other assessors, letters from the Department of Revenue, written or oral support from your local taxing districts, etc.

Methods of illustrating your budget might include:

- Cost per parcel.
- Cost per population.
- Number of parcels per staff member.
- Number of population per staff member.

If your employees belong to a union, review the union contract from beginning to end. In most cases, you may have little control over the salary or benefit levels from one year to the next. Your budget will determine the level of service your office will have for the following year. Remind the county commissioners or county council that the assessor can obtain new revenue (through new construction) and that the assessor's office is one of the few mandated offices in the courthouse. The Department of Revenue report, [A Comparison of County Assessor Statistics](#) includes various workload metrics and budget information for all assessors’ offices in the state.

The following is an example of the BARS Chart of Accounts used by counties.

1.4 Other Elected Officials

County Auditor

The duties and responsibilities of the county auditor cover a large and varied field. These duties each require skill and know-how in many different areas so that the office can be run efficiently and effectively. The major duties of the auditor are as follows:

Recording - Documents recorded by the auditor include, but are not limited to, deeds, real estate contracts, liens, and other written instruments which are required by law to be filed in the county. The records become public upon filing and are indexed accordingly.

Auditing - The county auditor must audit all bills approved for payment by the county legislative authority before warrants are issued. It must be confirmed that charges are legitimate and ascertained that there are adequate funds to cover the payments in the proper departmental budgets.

Licensing - As an agent of the Washington State Department of Licensing, the auditor is responsible for vehicle licensing and title transfers, watercraft titling and registration, and issuing marriage licenses as well as other types of licenses. As an agent for the Department of Revenue, the auditor collects sales tax on the transfer of vehicles between individuals.

The auditor also serves as the ex-officio supervisor of all elections and is the chief registrar of voters within the county.

County Clerk

The county clerk is one of several independent, elected officials provided by the Washington State Constitution, with specific and special duties assigned by statute and by local and state court rules. The position of county clerk is best characterized as the administrative and financial officer of the Superior Court. The purpose of the office of county clerk is to ensure the separation of powers among the three branches of government by preserving the integrity of the judiciary. This is accomplished in the following ways:

1. By being independent of the judicial branch of government, the clerk protects the judiciary from the appearance of impropriety or unfairness in the setting of cases, selection of jurors, implementation of orders, or investment of funds.
2. The clerk is located in the executive branch of government and provides the avenue for external oversight of the judiciary without legislative or executive branch interference with its actions, integrity, or independence.
3. As an independent elected official, the clerk preserves for the public unfettered access to a fair, accurate, and independently established record of the opinions, decisions, and judgments of the court.

Specific functions of the county clerk include:

- **Administrator of the Court Records and Exhibits:** All documents presented in a superior court cause of action must be received and processed by the clerk. The processing of court documents involves record classification, assignment of cause number, computerized docketing, and manual filing of hard copy records. Records must be maintained, retained, and purged in accordance with statutory time constraints and required archival standards.
- **Financial Officer for the Courts:** As the court's agent, the clerk collects statutory fees, fines, trust funds, and support funds; maintains a trust account for monies received; establishes an accounting system for receipting and disbursing monies ordered by the court; and provides an investment plan for monies held.
- **Quasi-judicial Officer:** For the issuance of writs, subpoenas, and other court-related orders, the clerk serves a quasi-judicial function (to exercise discretion of judicial nature). Duties include reviewing court documents for possible judicial or attorney errors, performing acts required by law, issuing letters of testamentary; warrants (civil and criminal), and writs of execution, garnishment, attachments, restitution, and orders of sale.
- **Ex Officio Clerk of the Court:** Under the constitution of the State of Washington, the clerk has the title of "Ex Officio Clerk of the Court." This requires the clerk's presence at all court sessions for the purpose of receiving and recording court documents and exhibits, and to establish an independent record of court proceedings.
- **Justice System Administrator:** In this role, the clerk identifies and articulates the changing needs of the court record processing, storage, retrieval, and disposal of documents, records, and exhibits, and the collection, accounting, and investment of court monies to ensure that the interests of the public and the county are secured.
- **Departmental Administrator:** As the administrator of a county department, the clerk has the responsibility to establish office policies, budgets, and procedures in accordance with the established guidelines and policies of the Board of County Commissioners.

Accuracy and efficiency are critical to the clerk's office, as even the slightest error or omission in indexing, posting, filing, preparation of writs or disbursements of funds affects the life or property of members of the public and makes the clerk personally liable for damages and subject to monetary fines.

County Legislative Authority

Standard County Government

In 33 of Washington State's 39 counties, the board of county commissioners is the county's legislative body (including Clallam, a Home Rule County). The commissioners serve as the chief administrators for several important county operations and have some quasi-judicial duties.

The county commissioners' primary duty is to levy the taxes to operate the county and to adopt a balanced budget for each calendar year. The commissioners fix the budget amount for each department within the county, but variances and increases can be permitted during the year if extraordinary circumstances can be shown. Other elected officials in the county are responsible for their own adopted budget, and the commissioners themselves are responsible for the operation of budgets under the control of appointed department heads.

Also within their legislative capacity, the commissioners are responsible for adopting, amending, and repealing all county ordinances which are essentially the laws of the county.

As administrators, the commissioners are responsible for the public roads and public works programs, public health services, planning and zoning of unincorporated areas, emergency services or civil defense programs, county park and recreation system, and other services and programs which are clearly not the responsibility of another elected county official.

In their judicial capacity, the commissioners are often called upon as the first level of appeal to sit in judgment of decisions made by other county officials.

Home Rule Charter County

In six of the seven counties (Clark, King, Pierce, San Juan, Snohomish and Whatcom), a county council is the legislative body, made possible by Home Rule Charter. The seventh, Clallam County, has also adopted a charter but retains the three-member board of commissioners. King, Pierce, Snohomish, and Whatcom counties have an elected County Executive that may or may not have legislative authority functions. Refer to the specific county's charter for more information about the county's legislative authority, county council, elected county executive, and appointed county executive, administrator, or manager.

County Coroner

Deaths occurring in Washington State must be investigated and certified by a medical-legal officer. This individual is most often the county coroner, usually a nonmedical officer, who retains the services of a qualified pathologist when an autopsy is needed to determine cause of death. In many smaller counties, the prosecuting attorney also serves as the county coroner. Larger counties may have a full-time coroner or medical examiner.

It is also the duty and responsibility of the coroner to locate and notify next of kin, dispose of the deceased person's body, have custody of money and property found on the body of the deceased, and prepare reports to governmental agencies. While not a common occurrence, the county coroner is authorized by law to serve as county sheriff under certain circumstances. The coroner may also serve subpoenas on the sheriff or sheriff's deputies.

County Prosecuting Attorney

The county prosecuting attorney has major responsibilities, such as a legal advisor, a prosecutor of criminal matters, a representative of the county in civil cases, and in smaller counties, ex-officio coroner.

State statutes fix the following duties for the prosecuting attorney:

- Be legal advisor to the board of county commissioners, school directors, and other county and precinct officers in all matters relating to their official business.
- Appear for and represent the state, county, and all school districts in all criminal and civil proceedings in which the state or county or any school district in the county may be a party.
- Prosecute all criminal and civil actions in which the state or county may be a party.
- Defend all suits brought against the county; review and approve all cost bills in criminal cases and take care that no useless witness fees and other charges are greater than allowed by law; attend and appear before and give advice to the grand jury when cases are presented for consideration,

make an annual report to the Governor at the end of each year and submit to the State Liquor Control Board a written report of all prosecutions brought under state liquor laws in the county during the year.

- Serve as coroner in certain counties.
- Provide legal guidance on a twenty-four hour basis to law enforcement agencies investigating felonies, which may require advice or assistance in obtaining search warrants or warrants for the arrest of a suspect.

County Sheriff

State statutes provide that the sheriff is the chief executive officer and conservator of the peace of the county. The law assigns certain general duties to the sheriff and these duties are governed by hundreds of statutes and judicial opinions, all intended to protect the individual citizen and safeguard his or her rights. The sheriff's duties include law enforcement, crime prevention, confinement of prisoners, execution of certain civil and legal processes, and in many cases, direct emergency services.

County Treasurer

The county treasurer is the custodian of all funds for the county and governmental subdivisions; receipting and disbursing all funds of the county. The treasurer receives the general property tax collections for cities, schools, and many other units of local government. The office handles special assessment funds, justice court fines, certain state and federal funds allocated to local government, and fees collected in county offices such as those of auditor, clerk, sheriff, and engineer.

Upon receipt of the tax rolls from the county assessor, the treasurer is required to send all property owners a statement on or before March 15 of each year showing all real and personal property taxes due. Although the tax is due and payable on April 30 when the amount payable is \$50 or more, one half may be paid on or before April 30, with the second half due on or before October 31. Upon payment of the property taxes, the treasurer is required to furnish a receipt and credit the payment to the property owner's account. Another tax received by the treasurer is the real estate excise tax. Every conveyance of real property, before recording in the auditor's office, must be presented to the treasurer for payment of the "excise" tax.

It is the treasurer's duty to enforce the state's laws on collection of taxes. Personal property taxes are required to be paid each year, and, if delinquent, the treasurer is directed to seize the property and offer it for public sale to collect the taxes due. Real property taxes may remain delinquent for three years before the treasurer can begin foreclosure action.

The treasurer is responsible for depositing money collected daily in local banks, separating those monies at the end of each month so each unit of government receives its proper proportional share. They must maintain accurate journals and prepare monthly reports, and, upon direction, invest funds not required for immediate expenditure.

1.6 Washington Association of County Officials

During the 1953 Annual Convention of the Washington State Association of Auditors and Treasurers, a resolution was adopted to create an association of elected county officials. The purpose of this organization is "to promote more uniform procedure in respective county offices in order to better serve the public". The association began its early stages of development in 1954 with all elected officials extended an invitation to join through their respective associations.

By January of 1955, county officials drafted a formation bill for presentation to the Legislature. This organization bill did not pass in 1955; nor did it pass in 1956, 1957 or 1958. Still not discouraged, determined county officials continued their efforts, redrafted the bill, and ultimately won passage in the 1959 legislative session. Actual commencement of the Washington State Association of Elected County Officials' operations began March 1, 1960, in Olympia.

Many things have changed over the years, but the main objective of the [Washington Association of County Officials](#) (WACO) is still clear: ***Working to improve county government through better service to all taxpayers.***

1.7 International Association of Assessing Officers

General Information

The ([IAAO](#)) is an educational and research association of individuals in the assessment profession and others with an interest in property tax. Membership is open to anyone, and includes individuals working in government, private industry, academia, and the general public. Its mission is to promote innovation and excellence in property appraisal and property tax policy and administration through professional development, education, research, and technical assistance.

Founded in 1934, the association's objectives are:

- To improve the standards of assessment practice.
- To educate those engaged in assessment practice.
- To elevate the standards of personnel requirements in assessment offices.
- To educate the general public in matters relating to assessment practice.
- To engage in research and to publish the results of studies in assessment administration.
- To provide a clearinghouse for the collection and distribution of useful information relating to assessment practice.
- To cooperate with other public and private agencies interested in improving assessment administration.
- To promote justice and equity in the distribution of the property tax burden.

IAAO's fundamental strength is in the collective knowledge and experience of its membership. While IAAO has come to be regarded as the foremost organization in its field, the association needs to grow in membership to be able to successfully meet the challenges that are confronting the field. New members are welcome, and current members are urged to continue their membership.

Membership in IAAO signifies a professional attitude toward the important work of property tax administration. The association constantly strives to provide its members with information that they can use in their work. The knowledge gained from IAAO membership can save employers substantial amounts of money, as well as further careers of individuals in property appraisal and property tax administration.

The IAAO Executive Board, consisting of 14 persons elected by the membership, is the legislative and policy-making body of the association. The board includes the Executive Committee, which is composed of the president, the president-elect, the vice-president, and the immediate past president, and which acts on behalf of the association between meetings of the board. The Executive Board is assisted in its work by member committees and by IAAO Representatives appointed by the president from among the membership. Some of the standing and special committees include the Research and Technology, Outreach, Professional Development, Legal, Councils and Sections, Ethics, Planning and Operations, Associate Member, Nominating, Local Host, and Resolution Committees.

IAAO executive offices are located in Kansas City, Missouri where the executive director and staff carry out a diversified program of member services and activities.

Members of IAAO enjoy all of the benefits of affiliation with a prestigious organization recognized throughout the world. They enjoy good fellowship, make important professional contacts, and profit from the many fine

programs and publications. Nonmembers should consider joining IAAO today. Members should make sure they take full advantage of the opportunities membership affords.

Education and Training

The education programs of IAAO are structured to reflect the association's view that the development of mature fee appraisal, mass appraisal, and administrative skills are crucial for the successful functioning of the property tax professional. Mass appraisal skills are essential to the production of initial values as part of a revaluation effort. Fee appraisal skills are necessary in order to properly defend a jurisdiction's assessed values, while administrative skills are needed to properly manage the human and physical resources needed to successfully carry out a tax jurisdiction's assessment function.

The education programs made available by IAAO include courses, workshops, programmed self-study courses, audio-visuals, internet courses, an annual conference, and a number of special workshops and seminars on selected topics of interest to the membership. Each of these programs are designed to meet a specific objective in the professional development of assessing officers and assessment personnel.

The IAAO's Professional Designation Program confers five internationally recognized professional designations: the Certified Assessment Evaluation (CAE), the Residential Evaluation Specialist (RES), the Cadastral Mapping Specialist (CMS), the Personal Property Specialist (PPS), the Assessment Administration Specialist (AAS) and the Mass Appraisal Specialist (MAS).

Publications

IAAO publishes books, periodicals, and other publications relating to the association's field of interest. Book titles range from basic textbooks on property valuation to analytical studies that can be useful in policy deliberations. Membership periodicals include the quarterly *Journal of Property Tax Assessment & Administration* and the monthly *Fair & Equitable*. Membership categories include member or associate, and dues fall into one of four payment levels:

- Regular
- Entry Level
- Student
- Retired

- [RCW 84.08.220](#) Electronic communication of confidential property tax information.

[Chapter 84.12](#) and [84.16 RCW](#) require that the Department of Revenue annually make an assessment of the operating property of all companies and prepare an assessment roll of the true cash value of the property each year. [RCW 84.12.200](#) (8) states: "'Operating property' means and includes all property, real and personal, owned by any company, or held by it as occupant, lessee or otherwise, including all franchises and lands, buildings, rights-of-way, water powers, motor vehicles, wagons, horses, aircraft, aerodromes, hangars, office furniture, water mains, gas mains, pipe lines, pumping stations, tanks, tank farms, holders, reservoirs, telephone lines, telegraph lines, transmission and distribution lines, dams, generating plants, poles, wires, cables, conduits, switch boards, devices, appliances, instruments, equipment, machinery, landing slips, docks, roadbeds, tracks, terminals, rolling stock equipment, appurtenances and all other property of a like or different kind, situate within the state of Washington, used by the company in the conduct of its operations; and, in case of personal property used partly within and partly without the state, it means and includes a proportion of such personal property to be determined as in this chapter provided."

[RCW 82.45.060](#) imposes an excise tax upon each sale of real property. The county treasurer is an agent for the collection of the real estate excise tax. The Department of Revenue (Department) is charged with the promulgation of the rules and with the general administration of the tax.

The Department administers the nonprofit exemptions included in [chapter 84.36 RCW](#). The Department is the granting authority for exemptions such as cemeteries, churches, character-building properties, public assembly

halls, libraries, orphanages, day care centers, nursing homes, hospitals, nonpermanent indigent homes, nonprofit organizations for medical research and training, schools, colleges, art, scientific, historic, water distribution, sheltered workshops for handicapped, and certain conservation organizations.

The Department administers the grant assistance program for widows and widowers of veterans. Although the assessor administers the deferral program for senior citizens and disabled persons and the deferral program for homeowners with limited incomes, the Department audits the approved applications, notifies the assessor of any disqualifying factors, and certifies to the state treasurer the amounts due to the respective county, city, or special district treasurers. The Department also has authority to conduct audits of the assessor's administration of the property tax exemption program for senior citizens and disabled persons.

The Forest Tax Section of the Department of Revenue collects the timber excise tax on a quarterly basis on timber harvested from state, federal, and private lands. Semi-annually, the section determines and reports WAC rules containing the stumpage value of the various species of timber, which provides the basis for tax assessment and collection. In addition, the section annually determines bare forest land values according to a statutory formula for use by the county assessors in assessing designated forest land.

Each county's 4 percent portion of the excise tax collected from private timber harvest, less administrative fees, is distributed to the county of origin quarterly. Distribution to local taxing districts is based on their portion of the assessed value of designated forest lands in their local district. The district Timber Assessed Value (TAV) is part of the county TAV, which is computed annually by the Department. In some instances, the district TAV is used as part of the base to determine bond and school maintenance and operation levy rates.

The Department provides assistance to counties in other matters, including forest land designation, compensating tax assessment for removal from designation, and statistical data on timber harvest, tax collections, and harvest projections. For questions or information about specific programs, call the Department's Property Tax Division at (360) 534-1400.

The legislature shall have power, by appropriate legislation, to exempt personal property to the amount of fifteen thousand (\$15,000.00) dollars for each head of a family liable to assessment and taxation under the provisions of the laws of this state of which the individual is the actual bona fide owner. [AMENDMENT 98, 2006 House Joint Resolution No. 4223, p 2117. Approved November 7, 2006.]

Section 2. Limitations on Levies. Except as hereinafter provided and notwithstanding any other provision of this Constitution, the aggregate of all tax levies upon real and personal property by the state and all taxing districts now existing or hereafter created, shall not in any year exceed one percent of the true and fair value of such property in money. Nothing herein shall prevent levies at the rates now provided by law by or for any port or public utility district. The term "taxing district" for the purposes of this section shall mean any political subdivision, Municipal Corporation, district, or other governmental agency authorized by law to levy, or have levied for it, ad valorem taxes on property, other than a port or public utility district. Such aggregate limitation or any specific limitation imposed by law in conformity therewith may be exceeded only as follows:

(a) By any taxing district when specifically authorized so to do by a majority of at least three-fifths of the voters of the taxing district voting on the proposition to levy such additional tax submitted not more than twelve months prior to the date on which the proposed initial levy is to be made and not oftener than twice in such twelve month period, either at a special election or at the regular election of such taxing district, at which election the number of voters voting "yes" on the proposition shall constitute three-fifths of a number equal to forty percent of the total number of voters voting in such taxing district at the last preceding general election when the number of voters voting on the proposition does not exceed forty percent of the total number of voters voting in such taxing district in the last preceding general election; or by a majority of at least three-fifths of the voters of the taxing district voting on the proposition to levy when the number of voters voting on the proposition exceeds forty percent of the number of voters voting in such taxing district in the last preceding general election. Any such taxing district shall have the right by vote of its governing body to refund any general obligation bonds of said district issued for capital purposes only, and to provide for the interest thereon and amortization thereof by annual levies in excess of the tax limitation provided for herein. 3.1.2 RCW Numbering and Citation System

The Revised Code of Washington (RCW) is the compilation of all permanent laws now in force. It is a collection of Session Laws (enacted by the Legislature, and signed by the Governor, or enacted via the initiative process), arranged by topic, with amendments added and repealed laws removed. It does not include temporary laws such as appropriations acts. The RCW is published by the Statute Law Committee and the Code Reviser and is the official version of the code. The online version of the RCW is updated twice a year, once in the early fall following the legislative session, and again at the end of the year if a ballot measure that changes the law passed at the general election. ([RCW 1.04.010](#))

Numbering System

The number of each section of this code is made up of three parts, in sequence as follows: Number of title, number of chapter within the title, number of section within the chapter. Thus, RCW 1.04.020 is Title 1, chapter 4, section 20. The section part of the number (.020) is initially made up of three digits, constitutes a true decimal, and provides a facility for numbering new sections to be inserted between old sections already consecutively numbered, merely by adding one or more digits, at the end of the number. In most chapters of the code, sections have been numbered by tens (.010, .020, .040, etc.) leaving nine vacant number between original sections so that for a time new sections may be inserted without extension of the section number beyond three digits.

Citation to the Revised Code of Washington

The code should be cited as RCW; see [RCW 1.04.040](#). An RCW title should be cited Title 7 RCW; an RCW chapter as chapter 7.24 RCW, and an RCW section as RCW 7.24.010. An inclusive string should be cited as RCW 7.24.010 through 7.24.100. A series of sections should be cited as RCW 7.24.010, 7.24.020, and 7.24.030. In searching for a law regarding a specific subject, it is necessary to refer to the [Revised Code of Washington](#). Locate the title and chapter which contains your subject.

For instance, Title 84 RCW is entitled Property Taxes, and if you were searching for the definition of real property, you would find that it is contained under Taxation with reference to RCW 84.04.090 which means Title 84, chapter .04 and section .090, or properly referenced as RCW 84.04.090.

Here is a list of the chapters contained in Title 84 RCW, Property Taxes. Title 84 RCW and many other titles are involved in the administration of property taxes, and these will be referenced in this procedural manual under their respective subjects.

Report Title	Description	How Data is Used	Why Data is Needed
Final Values - RCW 84.08.040	Updates real and personal property values for adjusting the state levy parts 1 and 2.	Values change between when the abstract report is completed, and when taxes are actually levied. The state levy must be adjusted the next year for these changes in value, this report is used to make these required adjustments.	Corrections and adjustments to the state levy must be made in the year following the year the tax was levied. The state levy cannot be calculated until all 39 county reports are received. This allows necessary corrections or adjustments to be made timely.
Roll Data - RCW 84.08.010	Includes the entire real and personal property rolls for the assessment year. Data includes assessed values, market values, taxable values, exemption types, parcel numbers, owner names and addresses, land use codes, acres, and tax code areas.	Data used to develop fiscal notes/estimates, to develop responses to legislative staff questions, and to complete data requests.	Accurate fiscal notes and estimates provided to the legislature require accurate and complete data to prevent unintended consequences. Reduces the number of DOR requests for additional data due to having complete and accurate roll data.
County Statistics for Comparison Report (reporting form)	As a follow-up to the Revaluation Progress Report, reports end-of-year information about appeals, completion of work, status of software/GIS, segregations, personal property auditing, and updates about final budget and staffing. It does not duplicate data requested in the Progress Report.	Data used by DOR to monitor appeal workload, county software usage, and to produce the Comparison of County Assessor Statistics report.	Provides DOR with county dates for completion of revaluation work, status of county appeal workload, and final budget and staffing data. This data is important to determine if a county is likely to complete their revaluation plan and for working with the assessor on mitigation of challenges.
Revaluation Plan - RCW 84.41.041 WAC 458-07-025	Plans cover an inspection cycle of six years or less. General requirements for a plan include providing detailed descriptions of inspection cycles, revaluation workload, staffing and other resources.	Allows DOR to ensure each county has a systematic plan for inspecting all real property at least once every six years and that all property is revalued annually.	Revaluation plans may vary in length (up to six years). By law, assessors must submit revaluation plans to DOR for review and approval. DOR reviews and approves plans and monitors compliance of approved plans.
Assessor’s Certificate of Assessment Rolls to the County BOE - WAC 458-53-135	Serves as a permanent record of locally assessed values for the county. Includes value of forest land, current use land, improvements on current use land, senior frozen value, real property, and personal property.	Assessed values are used by DOR in the annual Ratio Study and the certification date may be used to determine the county board of equalization (BOE) regular convened session.	Assessors must certify the taxable (assessed) value of locally assessed real/personal property to the BOE with a copy to the DOR Ratio Specialist. Timeliness of DOR reconvene requests may be calculated using the certification date.

Report Title	Description	How Data is Used	Why Data is Needed
Taxing District Boundary Report - WAC 458-12-140	Taxing district boundary changes must be reported annually by August 31 or within 30 days of the change. While no specific format is required, all documentation submitted by the taxing district to the county auditor and the new map from the assessor should be provided.	Allows DOR to update GIS system taxing district and tax code area maps.	Ensures taxing district and tax code area boundaries are accurate and current. Also ensures taxpayers are paying the correct amount of taxes for the districts in the tax code area where their property is located. Accurate and timely information ensures utility values are apportioned to the correct tax code areas where the assets are located.
Personal Property Stratification Report - RCW 36.21.100 WAC 458-53-140	Used to determine the number of appraisals included in the ratio study and for ratio calculation. The most current certified assessment roll is used for stratification.	Necessary for utilization in the random sampling process for the next year’s personal property ratio studies.	Parcel stratification reports are essential for DOR to calculate the county personal property ratio to equalize the state school levy.
Assessor’s Certificate of New Construction Value to the County BOE – RCW 84.40.040 RCW 36.21.080	Provides the value of new construction added to the assessment roll.	Values are used by DOR for the annual Ratio Study and the certification date may be used to determine the county board of equalization (BOE) regular convened session.	Assessors must certify the value of new construction added to the assessment roll to the BOE with a copy to the DOR Ratio Specialist. Timeliness of DOR reconvene requests may be calculated using the certification date.
County Revaluation Progress Report - RCW 84.41.130 WAC 458-07-025	Annual progress report on completion of approved Revaluation plan. Includes information on physical inspections, valuations scheduled and completed, valuation methods, completion date for key tasks, new construction data, and proposed budget and staffing for the next year.	Data is used to produce the Comparison of County Assessor Statistic report and to monitor compliance with approved revaluation plans. Assessors may use data to justify filling vacant positions or hiring additional staff to complete required work in a timely manner.	Assists DOR in determining if all real property is inspected in each inspection area annually, and if the revaluation plan needs adjustments or amendments. Helps DOR identify counties at risk for not complying with an approved revaluation plan, requiring notification of the county legislative authority.
Abstract of Assessed Values - RCW 84.08.040	Includes senior citizen exemption data, current use values, new construction values, real property values subject to regular levies, personal property values, property values based on land use codes, and other miscellaneous data.	Essential for calculating the state levy. Data also used to develop fiscal notes/estimates, source data for Property Tax Statistics and Comparison of County Assessor Statistics Reports, to develop responses to legislative staff questions, and to complete data requests.	The state levy cannot be calculated until all 39 county abstracts are received. The same is true for the annual Property Tax Statistics report, which cannot be completed until all abstracts are received. Accurate fiscal notes and estimates provided to the legislature require accurate and complete data to prevent unintended consequences.

Uniformity

All taxes shall be uniform upon the same class of property within the territorial limits of the authority levying the tax and shall be levied and collected for public purposes only. (Article VII, Section 1, State Constitution.)

The county commissioners are the authority that levies the tax (not individual taxing districts) in the county, and all property that comes within their jurisdiction must be uniformly valued and assessed. This rule firmly prohibits the use of varying assessment ratios within the confines of the county borders. The assessor must value all real and personal property at its fair market value and then apply the same or a uniform assessment ratio thereto. (Carroll Barlow, Snohomish County Assessor v. Washington State Tax Commission (1967).)
