NOTES ON LOCAL TAX DISTRIBUTIONS REPORTS

Overview-- Local tax distributions are amounts disbursed to cities, counties, and other local governments by the Office of the State Treasurer. These taxes are collected by the Department of Revenue (Department) which is responsible for the correct allocation of the funds. The amounts are based on the local share of retail sales and use taxes collected two months prior to the distribution. Distributions are made monthly; however, no allowances or adjustments are made for late returns. Distributions from late returns are made in the second month after the returns are received just as they are for current returns. As soon as they are available, monthly & annual local tax distribution figures are posted on the Department’s following links below:

[Monthly Distribution Report 1983-2011](#)

[New Monthly Distribution Report 2012-Current](#)

Beginning June, 2017 the new monthly distribution report will allow the public to view data by single or all locations without using separate queries. The data from 2012-current has been converted into the new format displayed on the page. Users can easily search a year, month, tax or location from the drop down menu or typing it into the search bar. The data is easier to manipulate and can be downloaded into a PDF or CSV file. For more information on how to use the monthly report click the “[Local Tax Distribution Navigation Guide](#)”.

The previous distribution report (1983-2011) displayed the taxes by tables from Table 1 to 17. The new report lets users select one, some or all distribution taxes to view in a query. Click this link “[Tax Guide Crosswalk](#)” to see how to match the tables in the previous monthly queries to the taxes in the current version.

[Annual Distribution Report](#)

Data Presentation--The formats used in this annual summary vary from the formats used in the monthly report on the Department’s web site. The 2016 data is derived from the previous (old) monthly distribution report format. Some tables were renumbered and grouped by tax type. The tax types are sales/use taxes, lodging taxes, and rental car/other taxes. The formats used in this publication were developed in consultation with a cross-section of representative users of the publication. While some formats have changed, the figures included are identical to those presented in other media. This annual edition includes figures for both the most recent complete calendar year and the year immediately prior. At our users' request, we have included a computation of the percentage change in distribution amounts from one year to the next. We caution all users of this data to take great care in attempting to attribute causes to individual percentage changes. Distributions can fluctuate dramatically due to population changes, annexations and incorporations, as well as audit adjustments.

The following are the local tax distributions that are included in the annual report:

Basic (Regular) and Optional Distributions

Transit Tax Distributions

Criminal Justice Tax Distributions

Correctional Facility Tax Distributions

Rural Counties Tax Distributions

Disclosure

To comply with state law requiring data on individual taxpayers to be kept confidential, in the regular, additional hotel/motel, and tourism promotion area tax distribution tables a "D" indicates that the data cannot be disclosed because the jurisdictions have fewer than three taxpayers who report on a monthly basis. These amounts are not included in the totals for the cities or counties.
