NOTE:

A change in the filing requirements became effective July 1, 2015 on the exemption from business and occupation tax on certain manufacturing dairy, fruit and vegetable, and seafood products. Manufacturers must now report their income on the combined excise tax return. This is reflected in the reporting primarily on NAICS 3114, 3115 and 3117.

The manufacturers also take a deduction for the exempt amounts, resulting in no taxable activity.
