# Overview

---

---

## Purpose

The primary purpose of this review by the Department of Revenue (Department) is to assist the Pend Oreille County Assessor (Assessor) in their processes and procedures to ensure compliance with state statutes and regulations.

## Method of Calculation

The Department calculated the levy limitations and levy rate for several of the taxing districts for the 2019 tax year. To determine whether an error occurred, the Department compared the amount levied for the district with the lesser of the levy limit, the statutory rate limit, the amount authorized by each district's resolution, and the levy amount certified by the district.

## Information Reviewed

The Department used the following information during the audit:

- Resolutions/Ordinances adopted by the districts
- Levy certification from the county legislative authority (RCW.84.52.070)
- Tax roll certification to the county treasurer and abstract of the tax roll to the county auditor
- Ballot measures
- Levy limit worksheets
- \$5.90 aggregate and 1 percent constitutional limits

We do not review every taxing district's levy. We audited approximately 40 percent of the taxing districts. The scope of the audit did not include the review of earmarked funds.

## Taxing Districts Selected

The Department reviewed the following taxing districts for the 2019 tax year:

- City/Towns: Ione, Newport, and Metaline
- Fire Districts: Nos. 2, 5, and 8.
- Hospital Districts: No. 2
- Cemetery Districts: No. 2 and 3
- School Districts: Cusick No. 59 and Stevens No. 43/183

# Executive Summary

---

---

## Introduction

The primary purpose of a levy audit by the Department is to assist the county assessor in successfully performing the duties associated with levying taxes for the districts within the county.

An effective audit of levy calculations consists of gathering information from the assessor's office to determine the level of compliance with laws and rules, the accuracy of levy calculations, and the effectiveness of record keeping.

## Categories of Results

Upon completion of the review, the Department groups the results into two categories:

- The first category, *Requirements*, is of the greatest urgency for effective administration by the assessor. A change is required to adhere to the law.
- The second category, *Recommendations*, requires the attention of the assessor. The Department believes the assessor could improve their performance and service to the public by making voluntary changes in procedures.

## Results

The Department identified no requirements and no recommendations directed toward improving the accuracy of the levy process.

## Next Steps

---

---

### Follow-up

The Department is committed to the success of the Assessor by ensuring the levies comply with state statutes and regulations.

### Questions

If you have questions about this report, please contact the Property Tax Division at (360) 534-1400.

# Appendix – General Information

---

## Introduction

General information provided to assist all assessors and taxing districts.

## Contents

This section contains the following topics:

- Regular Levy Limitation
- Refunds
- Excess Levy
- Timberland Assessed Value (TAV)
- Assessor Guidelines

## Regular Levy Limitations

---

### What are the statutory limitations?

Regular property tax levies are generally considered to be those levies that are subject to several statutory limitations.

The assessor must adhere to the following statutory limitations:

- Levy limit (a.k.a., 101 percent)
- Statutory dollar rate limit
- Amount authorized by resolution/ordinance
- District budget
- \$5.90 aggregate limit
- 1 percent constitutional limit

### Levy Limit

The amount of regular property taxes a taxing district can levy, other than the state and port district industrial development levies, is limited to an amount that will not exceed the amount resulting from the following calculation:

- The highest amount that could have been lawfully levied by the taxing district in any year since 1985 for 1986 collection, multiplied by the limit factor; plus
- A dollar compensation calculated by multiplying the district's levy rate for the preceding year, or the last year the district levied taxes, by the increase in assessed value of the district from the previous year attributable to:
  1. new construction
  2. increases in assessed value due to wind turbine, solar, biomass, and geothermal facilities (if the facilities generate electricity)
  3. improvements to property
  4. any increase in assessed value of state assessed property

If an error occurred or an error correction was made in the previous year, use the levy rate that would have been levied had no error occurred.

The limit factors used in calculating the levy limit are defined in RCW 84.55.005 and WAC 458-19-005.

## Regular Levy Limitations, continued

---

If the district's population is...	Then the limit factor is...
less than 10,000	101 percent.
greater than 10,000 and a finding of substantial need	the lesser of the substantial need factor or 101 percent.
for all other taxing districts	the lesser of 101 percent or 100 percent plus inflation.

- RCW 84.55.010
- RCW 84.55.0101
- WAC 458-19-020

### Statutory Rate Limit

The statutory rate limit varies by district. These limits are found in the various statutes for each type of district and in the *Property Tax Levies Operation Manual*. The levy amount for each district cannot exceed the statutory maximum rate. The statutory dollar rate limits for senior taxing districts can be found in RCW 84.52.043(1). The statutory dollar rate limits for all taxing districts can be found in the levy manual, chapter 3.

- RCW 84.52.043
- Property Tax Levies Operation Manual, chapter 3
- [https://dor.wa.gov/sites/default/files/legacy/Docs/Pubs/Prop\\_Tax/LevyManual.pdf](https://dor.wa.gov/sites/default/files/legacy/Docs/Pubs/Prop_Tax/LevyManual.pdf)

### Truncating Levy Rates

The final certified levy rate cannot result in a levy amount that exceeds the statutory limitations. To ensure that the final levy rate results in a levy amount at or below the statutory levy limit for each taxing district the assessor must truncate the rate at the last digit (not round).

If truncating the levy rate for a bond levy results in a levy amount less than the amount requested by the district, the levy rate must be rounded up to ensure sufficient funds are levied for the repayment of the debt.

## **Regular Levy Limitations**, continued

---

### **Resolutions/Ordinances**

The amount authorized by a district in its resolution or ordinance is another limitation on taxation. If a district does not adopt a resolution, the district cannot levy more than it received in the previous year, other than the amount resulting from the following:

1. New Construction,
2. Improvements to property,
3. Wind turbines,
4. Solar, biomass, and geothermal facilities (if the facilities generate electricity), and
5. Increases in state-assessed property

The resolution or ordinance must state the increase over the previous year's levy in terms of percentage and dollars. The resolution is separate from the budget certification.

### **Reference and forms:**

- RCW 84.55.120
- <https://dor.wa.gov/legacy/Docs/forms/PropTx/Forms/OrdinanceResolution.doc>

## Regular Levy Limitations, continued

---

### Levy Certification (Budget)

Taxing districts that wish to levy must certify a budget or budget estimate to the county legislative authority by November 30 of the assessment year.

The county legislative authority must certify the amount to levy or budget estimates for each of the taxing districts, including the county, to the assessor on or before November 30 of each year. However, the county legislative authority may elect to conduct its budget hearing on the first Monday in December, as permitted by RCW 36.40.071.

- RCW 84.52.020
- RCW 84.52.070
- <https://dor.wa.gov/legacy/Docs/forms/PropTx/Forms/LevyCertf.doc>

### \$5.90 Limit

The \$5.90 limit applies to the total of most regular levies in each tax code area. The aggregate of the junior and senior taxing districts (excluding the state levy and a few others) cannot exceed \$5.90 per \$1,000 of assessed value.

RCW 84.52.010 provides the order in which taxing districts rates are prorated, in order to bring the aggregate rate down to \$5.90. The \$5.90 limitation does not apply to levies made by or for:

- The support of common schools (state levies)
- Port districts
- Public utility districts
- Conservation futures
- Criminal justice
- Emergency medical services
- Affordable housing
- County ferry districts
- County transit
- Regional transit authority

#### Reference:

- RCW 84.52.043

## **Regular Levy Limitations**, continued

---

### **1 Percent Constitutional Limit**

The 1 percent constitutional limit is based on true and fair value, unlike the \$5.90 limit, which is based on assessed value.

In 1972, the voters adopted a constitutional limit of 1 percent. This limits the amount of property taxes that may be imposed on an individual parcel (real or personal) of property without voter approval of 1 percent of its true and fair value.

The 1 percent limit applies to all regular levies (except port and PUD levies). It does not apply to excess levies approved by the voters.

- Article 7, Section 2 of Washington Constitution

## Refunds

---

### Types of Refunds

There are two types of refunds:

- Adjudicated (court ordered)
- Administrative

Use this table to decide how to levy for a refund

If the refund is an...	Then...	And...
Adjudicated refund	the district is required to levy the refund	the refund is added to the district's levy.
Administrative refund	the refund levy is optional	the refund may be added to the levy only if the district requests the refund in its levy certification or budget.

**Note:** the statutory limit cannot be exceeded when adding a refund to the levy.

- RCW 84.68.040 (adjudicated refund)
- RCW 84.69.180 and RCW 84.69.020 (administrative refund)
- WAC 458-19-085 (adjudicated and administrative refunds)

## Excess Levy

### What is an Excess Levy

Excess levies are over and above the regular property tax levies.

- Excess levies require voter approval.
- Duration of excess levies is subject to limitations.
- Only school district enrichment levies are subject to the statutory limitations placed on regular levies.

Type of Levy	Taxing District	Duration
Bond	Most districts	Long term debt, usually 15-20 years
Enrichment	Schools	2-4 years
Maintenance & Operational (M&O)	Fire districts	2-4 years
General	Most districts except school and fire districts	1 year
Technology	School	2-6 years
Transport Vehicle	School	2 years
Construction/Modernization/Remodeling	School and fire districts	2-6 years

## Timber Assessed Value (TAV)

### What is Timber Assessed Value?

Timber assessed value determines each taxing district's share of the timber excise tax revenue and in setting property tax levy rates. It serves as a substitute for the value that would be carried on the assessment roll if standing timber were taxable as real property for all excess levy calculations.

### Components of TAV

Based on property taxes levied on the assessed value of property in the Designated Forest Land Program (DFL) from the prior tax year, number of acres in DFL, and the estimated public acreage available for timber harvesting (RCW 84.33.089), the assessor calculates the following values:

- Composite tax rate
- County Timber Assessed Value (TAV)
- Total County Forest land assessed value (FLAV)
- Average assessed value per acre on privately owned DFL

After making these calculations, the assessor has all the information necessary to complete the Timber Tax Distribution Priority 1, 2, and 3 worksheets. The priority worksheets list the individual taxing district's TAV that is to be added to the district's taxable value for levy calculations.

### Tax Base

The assessor should ensure that the appropriate amount of TAV is included in the tax base for calculating excess levies.

If the levy type is...	Then use this percentage of TAV in the tax base...
Bond	100 percent
Capital Project	100 percent
Transportation Vehicle	100 percent
School Enrichment	50 percent of TAV or 80 percent of the 1983 timber roll, whichever is greater
All other excess levies	100 percent

### Reference:

- RCW 84.52.080(2)

## Assessor Guidelines

### Introduction

The assessor generally calculates the property tax levy rate necessary to collect the amount of taxes levied for each district, within the limitations provided by law (WAC 458-19-010). Listed below are some of the guidelines for the assessor based on the taxing district's adopted documentation.

### Determine the authorized levy amount

Use the table below to determine the authorized levy amount given certain situations.

When the taxing district submits...	Then...
a certified budget but no resolution	the district's levy is the lesser of the following: <ol style="list-style-type: none"> <li>1. Previous year's levy plus <i>any</i> increase resulting from new construction, improvements to property, wind turbines, solar, biomass, and geothermal facilities, if the facilities generate electricity, and the increased value of state-assessed property,</li> <li>2. Current year's certified budget,</li> <li>3. Levy limit (zero percent increase),</li> <li>4. Statutory maximum amount.</li> </ol>
a resolution, but no budget or levy certificate	the assessor does not have the statutory authority to levy on behalf of the taxing district.
a certified budget and resolution	the district's levy is the lesser of the following: <ol style="list-style-type: none"> <li>1. Previous year's levy <i>plus</i> the percentage increase authorized by the resolution <i>plus</i> any increase resulting from new construction, improvements to property, wind turbines, solar, biomass, and geothermal facilities, if the facilities generate electricity, and the increased value of state-assessed property,</li> <li>2. Current year's certified budget,</li> <li>3. Levy limit (up to 1 percent depending on the population of the district),</li> <li>4. Statutory maximum amount.</li> </ol>
neither a certified budget nor a resolution	the assessor does not have the statutory authority to levy on behalf of a taxing district.
