

EXPEDITED RULE MAKING

CR-105 (December 2017) (Implements RCW 34.05.353)

CODE REVISER USE ONLY

OFFICE OF THE CODE REVISER
STATE OF WASHINGTON
FILED

DATE: November 21, 2023

TIME: 10:29 AM

WSR 23-23-160

Agency: Department of Revenue

Title of rule and other identifying information: (describe subject) WAC 458-20-210 Sales of tangible personal property for farming—Sales of agricultural products by farmers and WAC 458-20-176 Commercial deep sea fishing—Commercial passenger fishing—Diesel fuel

Purpose of the proposal and its anticipated effects, including any changes in existing rules: These drafts show updates to reflect 2023 legislation, HB 1573, including updates to expiration dates for RCW 82.04.4266 and RCW 82.04.4268. Additionally, out of date provisions have been struck and updated.

Reasons supporting proposal: This is an expedited update to the rule to incorporate changes made in 2023 legislation, HB 1573.

Statutory authority for adoption: RCW 82.32.300 and RCW 82.01.060(2)

Statute being implemented: RCW 82.04.4266, RCW 82.04.4268, RCW 82.04.4269, RCW 82.08.900 and RCW 82.12.900

Is rule necessary because of a:

 Governmental

Name of agency personnel responsible for:

	Name	Office Location	Phone
Drafting:	Tim Danforth	6400 Linderson Way SW, Tumwater, WA	360/534-1538
Implementation:	John Ryser	6400 Linderson Way SW, Tumwater, WA	360-534-1605
Enforcement:	John Ryser	6400 Linderson Way SW, Tumwater, WA	360-534-1605

Agency comments or recommendations, if any, as to statutory language, implementation, enforcement, and fiscal matters: none

Expedited Adoption - Which of the following criteria was used by the agency to file this notice:

- Relates only to internal governmental operations that are not subject to violation by a person;
- Adopts or incorporates by reference without material change federal statutes or regulations, Washington state statutes, rules of other Washington state agencies, shoreline master programs other than those programs governing shorelines of statewide significance, or, as referenced by Washington state law, national consensus codes that generally establish industry standards, if the material adopted or incorporated regulates the same subject matter and conduct as the adopting or incorporating rule;
- Corrects typographical errors, make address or name changes, or clarify language of a rule without changing its effect;
- Content is explicitly and specifically dictated by statute;
- Have been the subject of negotiated rule making, pilot rule making, or some other process that involved substantial participation by interested parties before the development of the proposed rule; or
- Is being amended after a review under RCW 34.05.328.

Expedited Repeal - Which of the following criteria was used by the agency to file notice:

- The statute on which the rule is based has been repealed and has not been replaced by another statute providing statutory authority for the rule;
- The statute on which the rule is based has been declared unconstitutional by a court with jurisdiction, there is a final judgment, and no statute has been enacted to replace the unconstitutional statute;
- The rule is no longer necessary because of changed circumstances; or
- Other rules of the agency or of another agency govern the same activity as the rule, making the rule redundant.

Explanation of the reason the agency believes the expedited rule-making process is appropriate pursuant to RCW 34.05.353(4): The expedited rule-making process is appropriate for this rule because the Department is incorporating the changes resulting from 2023 legislation, updating out of date provisions, and making clarifications that do not change the effect of the rule.

NOTICE

THIS RULE IS BEING PROPOSED UNDER AN EXPEDITED RULE-MAKING PROCESS THAT WILL ELIMINATE THE NEED FOR THE AGENCY TO HOLD PUBLIC HEARINGS, PREPARE A SMALL BUSINESS ECONOMIC IMPACT STATEMENT, OR PROVIDE RESPONSES TO THE CRITERIA FOR A SIGNIFICANT LEGISLATIVE RULE. IF YOU OBJECT TO THIS USE OF THE EXPEDITED RULE-MAKING PROCESS, YOU MUST EXPRESS YOUR OBJECTIONS IN WRITING AND THEY MUST BE SENT TO

Title: Rules Coordinator	

WAC 458-20-210 Sales of tangible personal property for farming—Sales of agricultural products by farmers. (1) **Introduction.** This rule explains the application of business and occupation (B&O), retail sales, and use taxes to the sale and/or use of feed, seed, fertilizer, spray materials, and other tangible personal property for farming. This rule also explains the application of B&O, retail sales, and litter taxes to the sale of agricultural products by farmers. Farmers should refer to WAC 458-20-101 (Tax registration and tax reporting) to determine whether they must obtain a tax registration endorsement or a temporary registration certificate from the department of revenue (department).

(a) **Examples.** This rule contains examples that identify a number of facts and then state a conclusion. These examples should be used only as a general guide. The tax results of other situations must be determined after a review of all facts and circumstances.

(b) **Other rules that may be relevant.** Farmers and persons making sales to farmers may also want to refer to rules in the following list for additional information:

(i) WAC 458-20-178 Use tax and the use of tangible personal property;

(ii) WAC 458-20-209 Farming for hire and horticultural services performed for farmers;

(iii) WAC 458-20-222 Veterinarians;

(iv) WAC 458-20-239 Sales to nonresidents of farm machinery or implements, and related services;

(v) WAC 458-20-243 Litter tax; and

(vi) WAC 458-20-262 Retail sales and use tax exemptions for (~~agricultural employee~~) farmworker housing.

(2) **Who is a farmer?** A "farmer" is any person engaged in the business of growing, raising, or producing, on the person's own lands or on the lands in which the person has a present right of possession, any agricultural product to be sold. Effective July 1, 2015, a "farmer" also includes eligible apiarists that grow, raise, or produce honey bee products for sale, or provide bee pollination services. A "farmer" does not include a person growing, raising, or producing agricultural products for the person's own consumption; a person selling any animal or substance obtained therefrom in connection with the person's business of operating a stockyard, slaughterhouse, or packing house; or a person in respect to the business of taking, cultivating, or raising timber. RCW 82.04.213.

(3) **What is an agricultural product?** An "agricultural product" is any product of plant cultivation or animal husbandry including, but not limited to: A product of horticulture, grain cultivation, vermiculture, viticulture, or aquaculture as defined in RCW 15.85.020; plantation Christmas trees; short-rotation hardwoods as defined in RCW 84.33.035; turf; or any animal, including, but not limited to, an animal that is a private sector cultured aquatic product as defined in RCW 15.85.020, a bird, an insect, or the substances obtained from such animals. Effective July 1, 2015, "agricultural product" includes honey bee products. An "agricultural product" does not include animals defined under RCW 16.70.020 as "pet animals." Effective June 12, 2014, RCW 82.04.213 excludes cannabis from the definition of "agricultural

product." Cannabis is any product with a THC concentration greater than .3 percent. RCW 82.04.213.

(4) **Who is an eligible apiarist?** An "eligible apiarist" is a person who owns or keeps one or more bee colonies and who grows, raises, or produces honey bee products for sale at wholesale and is registered under RCW 15.60.021.

(5) **What are honey bee products?** "Honey bee products" are queen honey bees, packaged honey bees, honey, pollen, bees wax, propolis, or other substances obtained from honey bees. "Honey bee products" do not include manufactured substances or articles. RCW 82.04.213.

(6) **What is cannabis?** "Cannabis" is any product with a THC concentration greater than .3 percent. For additional information on cannabis see RCW 69.50.101.

(7) **Sales to farmers.** Persons making sales of tangible personal property to farmers are generally subject to wholesaling or retailing B&O tax, as the case may be, on the gross proceeds of sales. Sales of some services performed for farmers, such as installing or repairing tangible personal property, are retail sales and subject to retailing B&O tax on the gross proceeds of such sales. Persons making retail sales must collect retail sales tax from the buyer, unless the sale is specifically exempt by law. Refer to subsection (9) of this rule for information about specific sales tax exemptions available for sales to farmers.

(a) **Documenting wholesale sales.** A seller must take and retain from the buyer a copy of the buyer's reseller permit, or a completed "Farmers' Certificate for Wholesale Purchases and Sales Tax Exemptions" to document the wholesale nature of any transaction.

(b) **Buyer's responsibility when the seller does not collect retail sales tax on a retail sale.** If the seller does not collect retail sales tax on a retail sale, the buyer must pay the retail sales tax (commonly referred to as "deferred sales tax") or use tax directly to the department, unless the sale is specifically exempt by law. The excise tax return does not have a separate line for reporting deferred sales tax. Consequently, deferred sales tax liability should be reported on the use tax line of the buyer's excise tax return. If a deferred sales tax or use tax liability is incurred by a farmer who is not required to obtain a tax registration endorsement from the department, the farmer must report the tax on a "Consumer Use Tax Return" and remit the appropriate tax to the department. For detailed information regarding use tax see WAC 458-20-178.

The Consumer Use Tax Return may be obtained by calling the department's telephone information center at 360-705-6705. The return may also be obtained from the department's website at dor.wa.gov.

(c) **Feed, seed, seedlings, fertilizer, spray materials, and agents for enhanced pollination.** Sales to farmers of feed, seed, seedlings, fertilizer, spray materials, and agents for enhanced pollination, including insects such as bees, to be used for the purpose of producing an agricultural product, whether for wholesale or retail sale, are wholesale sales.

However, when these items are sold to consumers for purposes other than producing agricultural products for sale, the sales are retail sales. For example, sales of feed to riding clubs, racetrack operators, boarders, or similar persons who do not resell the feed at a specific charge are retail sales. Sales of feed for feeding pets or work animals, or for raising animals for the purpose of producing agricultural products for personal consumption are also retail sales.

Sales of seed, fertilizer, and spray materials for use on lawns and gardens, or for any other personal use, are likewise retail sales.

(i) **What is feed?** "Feed" is any substance used as food to sustain or improve animals, birds, fish, bees, or other insects, including whole and processed grains or mixtures thereof, hay and forages or meals made therefrom, mill feeds and feeding concentrates, stock salt, hay salt, sugar, pollen patties, bone meal, fish meal, cod liver oil, double purpose limestone grit, oyster shell, and other similar substances. Food additives that are given for their beneficial growth or weight effects are "feed."

Hormones or similar products that do not make a direct nutritional or energy contribution to the body are not "feed," nor are products used as medicines.

(ii) **What is seed?** "Seed" is the propagative portions of plants commonly used for seeding or planting whether true seed, bulbs, plants, seed-like fruits, seedlings, or tubers. For purposes of this rule, "seed" does not include seeds or propagative portions of plants used to grow cannabis.

(iii) **What is fertilizer?** "Fertilizer" is any substance containing one or more recognized plant nutrients and is used for its plant nutrient content and/or is designated for use in promoting plant growth. "Fertilizer" includes limes, gypsum, and manipulated animal and vegetable manures. There is no requirement that fertilizers be applied directly to the soil.

(iv) **What are spray materials?** "Spray materials" are any substance or mixture of substances in liquid, powder, granular, dry flowable, or gaseous form, which is intended to prevent, destroy, control, repel, or mitigate any insect, rodent, nematode, mite, mollusk, fungus, weed, and any other form of plant or animal life normally considered to be a pest. The term includes treated materials, such as grains, that are intended to destroy, control, or repel such pests. "Spray materials" also include substances that act as plant regulators, defoliants, desiccants, or spray adjuvants.

(v) **Examples.**

(A) **Example 1.** Sue grows vegetables for retail sale at a local market. Sue purchases fertilizers and spray materials that she applies to the vegetable plants. She also purchases feed for poultry that she raises to produce eggs for her personal consumption. Because the vegetables are an agricultural product produced for sale, retail sales tax does not apply to Sue's purchases of fertilizers and spray materials, provided she gives the seller a copy of her reseller permit, or a completed Farmers' Certificate for Wholesale Purchases and Sales Tax Exemptions. Retail sales tax applies to her purchases of poultry feed, as the poultry is raised to produce eggs for Sue's personal consumption.

(B) **Example 2.** WG Vineyards (WG) grows grapes that it uses to manufacture wine for sale. WG purchases pesticides and fertilizers that are applied to its vineyards. WG may purchase these pesticides and fertilizers at wholesale, provided WG gives the seller a copy of their reseller permit, or a completed Farmers' Certificate for Wholesale Purchases and Sales Tax Exemptions.

(C) **Example 3.** Seed Co. contracts with farmers to raise seed. Seed Co. provides the seed and agrees to purchase the crop if it meets specified standards. The contracts provide that ownership of the crop is retained by Seed Co., and the risk of crop loss is borne by the farmers. The farmers must pay for the seed whether or not the crop meets the specified standard. The transfer of the possession of the

seed to each farmer is a wholesale sale, provided Seed Co. obtains a copy of their reseller permit, or a completed Farmers' Certificate for Wholesale Purchases and Sales Tax Exemptions from that farmer.

(d) **Chemical sprays or washes.** Sales of chemical sprays or washes, whether to farmers or other persons, for the purpose of post-harvest treatment of fruit for the prevention of scald, fungus, mold, or decay are wholesale sales.

(e) **Farming equipment.** Sales to farmers of farming equipment such as machinery, machinery parts and repair, tools, and cleaning materials are retail sales and subject to retailing B&O and retail sales taxes, unless specifically exempt by law. Refer to subsections (7)(i) and (9) of this rule for information about sales tax exemptions available to farmers.

(f) **Packing materials and containers.** Sales of packing materials and containers, or tangible personal property that will become part of a container, to a farmer who will sell the property to be contained therein are wholesale sales, provided the packing materials and containers are not put to intervening use by the farmer. Thus, sales to farmers of binder twine for binding bales of hay that will be sold or wrappers for fruit and vegetables to be sold are subject to wholesaling B&O tax. However, sales of packing materials and containers to a farmer who will use the items as a consumer are retail sales and subject to retailing B&O and retail sales taxes. Thus, sales of binder twine to a farmer for binding bales of hay that will be used to feed the farmer's livestock are retail sales.

(g) **Purchases for dual purposes.** A buyer normally engaged in both consuming and reselling certain types of tangible personal property who is unable to determine at the time of purchase whether the particular property purchased will be consumed or resold must purchase according to the general nature of his or her business. RCW 82.08.130. If the buyer principally consumes the articles in question, the buyer should not give a copy of its reseller permit for any part of the purchase. If the buyer principally resells the articles, the buyer may provide a copy of its reseller permit for the entire purchase. For the purposes of this subsection, the term "principally" means greater than 50 percent.

If a buyer makes a purchase for dual purposes and does not give a copy of their reseller permit for any of the purchase and thereafter resells some of the articles purchased, the buyer may claim a "taxable amount for tax paid at source" deduction. For additional information regarding purchases for dual purposes and the "taxable amount for tax paid at source" deduction see WAC 458-20-102.

(i) **Potential deferred sales tax liability.** If the buyer gives a copy of its reseller permit for all purchases and thereafter consumes some of the articles purchased, the buyer is liable for deferred sales tax and must remit the tax directly to the department. Refer to (b) of this subsection, WAC 458-20-102 and 458-20-178 for more information regarding deferred sales tax and use tax.

(ii) **Example 4.** A farmer purchases binder twine for binding bales of hay. Some of the hay will be sold and some will be used to feed the farmer's livestock. More than 50 percent of the binder twine is used for binding bales of hay that will be sold. Because the farmer principally uses the binder twine for binding bales of hay that will be sold, the farmer may provide a copy of their reseller permit, or a completed Farmers' Certificate for Wholesale Purchases and Sales Tax Exemptions to the seller for the entire purchase. The farmer is liable for deferred sales tax on the binder twine used for binding bales of

hay that are used to feed the farmer's livestock and must remit the tax directly to the department.

(h) **"Fruit bin rentals" by fruit packers.** Fruit packers often itemize their charges to farmers for various services related to the packing and storage of fruit. An example is a charge for the bins that the packer uses in the receiving, sorting, inspecting, and storing of fruit (commonly referred to as "bin rentals"). The packer delivers the bins to the grower, who fills them with fruit for eventual storage in the packer's warehouse. Charges by fruit packers to farmers for such bin rentals do not constitute the rental of tangible personal property to the farmer where the bins are under the control of the packer for use in the receiving, sorting, inspecting, and storing of fruit. These charges are income to the packer related to the receipt or storage of fruit. The packer, as the consumer of the bins, is subject to retail sales or use tax on the purchase or use of the bins. For information regarding the taxability of fruit packing by cooperative marketing associations and independent dealers acting as agents for others in the sales of fruit and produce see WAC 458-20-214.

(i) **Machinery and equipment used directly in a manufacturing operation.** Machinery and equipment used directly in a manufacturing operation by a manufacturer or processor for hire is exempt from sales and use taxes provided that all requirements for the exemptions are met. RCW 82.08.02565 and 82.12.02565. These exemptions are commonly referred to as the M&E exemption. Farmers who use agricultural products that they have grown, raised, or produced as ingredients in a manufacturing process may be entitled to the M&E exemption on the acquisition of machinery and equipment used directly in their manufacturing operation. For more information on the M&E exemption see WAC 458-20-13601.

(8) **Sales by farmers.** Farmers are not subject to B&O tax on wholesale sales of agricultural products. Effective July 1, 2015, bee pollination services provided to farmers by eligible apiarists also qualify for the exemption provided by RCW 82.04.330. Farmers who manufacture products using agricultural products that they have grown, raised, or produced should refer to (b) of this subsection for tax-reporting information.

Farmers are subject to retailing B&O tax on retail sales of agricultural products and retailing or wholesaling B&O tax on sales of nonagricultural products, as the case may be, unless specifically exempt by law. Also, B&O tax applies to sales of agricultural products that the seller has not grown, raised, or produced on the seller's own land or on land in which the seller has a present right of possession, whether these products are sold at wholesale or retail. Likewise, B&O tax applies to sales of animals or substances derived from animals in connection with the business of operating a stockyard, slaughterhouse, or packing house. Farmers may be eligible to claim a small business B&O tax credit if the amount of B&O tax liability in a reporting period is under a certain amount. For more information about the small business B&O tax credit see WAC 458-20-104.

(a) **Litter tax.** The gross proceeds of sales of certain products, including food for human or pet consumption, are subject to litter tax. RCW 82.19.020. Litter tax does not apply to sales of agricultural products that are exempt from B&O tax under RCW 82.04.330. RCW 82.19.050. Thus, farmers are not subject to litter tax on wholesale sales of agricultural products but are liable for litter tax on the gross proceeds of retail sales of agricultural products that constitute food for human or pet consumption. In addition, farmers that man-

ufacture products for use and consumption within this state (e.g., a farmer who produces wine from grapes that the farmer has grown) may be liable for litter tax measured by the value of the products manufactured. For more information about the litter tax see chapter 82.19 RCW and WAC 458-20-243.

Example 5. RD Orchards (RD) grows apples at its orchards. Most apples are sold at wholesale, but RD operates a seasonal roadside fruit stand from which it sells apples at retail. The wholesale sales of apples are exempt from both B&O and litter taxes. The retail sales of apples are subject to retailing B&O and litter taxes but are exempt from sales tax because the apples are sold as a food product for human consumption. Refer to subsection (9)(d) of this rule for more information about the retail sales tax exemption applicable to sales of food products for human consumption.

(b) **Farmers using agricultural products in a manufacturing process.** The B&O tax exemption provided by RCW 82.04.330 does not apply to any person selling manufactured substances or articles. Thus, farmers who manufacture products using agricultural products that they have grown, raised, or produced are subject to manufacturing B&O tax on the value of products manufactured. Farmers who sell their manufactured products at retail or wholesale in the state of Washington are also generally subject to the retailing or wholesaling B&O tax, as the case may be. In such cases, a multiple activities tax credit (MATC) may be available. Refer to WAC 458-20-136 (Manufacturing, processing for hire, fabricating) and WAC 458-20-19301 (Multiple activities tax credits), respectively, for more information about the manufacturing B&O tax and the MATC.

(i) **Manufacturing fresh fruits and vegetables.** RCW 82.04.4266 provides a B&O tax exemption to persons manufacturing fresh fruits or vegetables by canning, preserving, freezing, processing, or dehydrating fresh fruits or vegetables. For purposes of this rule, "fruits" and "vegetables" does not include cannabis.

Wholesale sales of fresh fruits or vegetables canned, preserved, frozen, processed, or dehydrated by the seller and sold to purchasers who transport the goods out of this state in the ordinary course of business are also eligible for this exemption. A seller must keep and preserve records for the period required by RCW 82.32.070 establishing that the purchaser transported the goods out of Washington state.

(A) A person claiming the exemption must file a complete annual tax performance report with the department under RCW 82.32.534. In addition, persons claiming this tax preference must report the amount of the exemption on their monthly or quarterly excise tax return. For more information on reporting requirements for this tax preference see RCW 82.32.808.

(B) RCW 82.04.4266 is scheduled to expire July 1, ((2025)) 2035, at which time the preferential B&O tax rate under RCW 82.04.260 will apply.

(ii) **Manufacturing dairy products.** RCW 82.04.4268 provides a B&O tax exemption to persons manufacturing dairy products, not including any cannabis-infused product, that as of September 20, 2001, are identified in 21 C.F.R., chapter 1, parts 131, 133, and 135. These products include milk, buttermilk, cream, yogurt, cheese, and ice cream, and also include by-products from the manufacturing of dairy products such as whey and casein.

The exemption also applies to persons selling manufactured dairy products to purchasers who transport the goods out of Washington state in the ordinary course of business and, until July 1, 2025, to pur-

chasers who use such dairy products as an ingredient or component in the manufacturing of a dairy product in Washington state. Unlike the exemption for certain wholesale sales of fresh fruits or vegetables (see (b)(i) of this subsection), the exemption for sales of qualifying dairy products does not require that the sales be made at wholesale.

A seller must keep and preserve records for the period required by RCW 82.32.070 establishing that the purchaser transported the goods out of Washington state or the goods were sold to a manufacturer for use as an ingredient or component in the manufacturing of a dairy product in Washington state.

(A) A person claiming the exemption must file a complete annual tax performance report with the department under RCW 82.32.534. In addition, persons claiming this tax preference must report the amount of the exemption on their monthly or quarterly excise tax return. For more information on reporting requirements for this tax preference see RCW 82.32.808.

(B) RCW 82.04.4268 is generally scheduled to expire July 1, ((2025)) 2035, at which time the preferential B&O tax rate under RCW 82.04.260 will apply. The exemption for sales of dairy products to purchasers who use such dairy products as an ingredient or component in the manufacturing of a dairy product in Washington state expires July 1, 2025.

~~((C) Effective October 1, 2013, the exemption provided by RCW 82.04.4268 expanded to include wholesale sales by a dairy product manufacturer to a purchaser who uses the dairy products as an ingredient or component in the manufacturing in Washington of another dairy product. The definition of dairy products was expanded to include products comprised of not less than 70 percent dairy products measured by weight or volume.))~~

(c) **Raising cattle for wholesale sale.** RCW 82.04.330 provides a B&O tax exemption to persons who raise cattle for wholesale sale provided that the cattle are held for at least 60 days prior to the sale. Persons who hold cattle for fewer than 60 days before reselling the cattle are not considered to be engaging in the normal activities of growing, raising, or producing livestock for sale.

Example 6. A feedlot operation purchases cattle and feeds them until they attain a good market condition. The cattle are then sold at wholesale. The feedlot operator is exempt from B&O tax on wholesale sales of cattle if it held the cattle for at least 60 days while they were prepared for market. However, the feedlot operator is subject to wholesaling B&O tax on wholesale sales of cattle held for fewer than 60 days prior to the sale.

(d) **B&O tax exemptions available to farmers.** In addition to the exemption for wholesale sales of agricultural products, several other B&O tax exemptions available to farmers are discussed in this subsection.

(i) **Growing, raising, or producing agricultural products owned by other persons.** RCW 82.04.330 exempts amounts received by a farmer for growing, raising, or producing agricultural products owned by others, such as custom feed operations.

Example 7. A farmer is engaged in the business of raising cattle owned by others (commonly referred to as "custom feeding"). After the cattle attain a good market condition, the owner sells them. Amounts received by the farmer for custom feeding are exempt from B&O tax under RCW 82.04.330, provided that the farmer held the cattle for at least 60 days. Farmers are not considered to be engaging in the activity of raising cattle for sale unless the cattle are held for at least

60 days while the cattle are prepared for market. (See (c) of this subsection.)

(ii) **Processed hops shipped outside Washington for first use.** RCW 82.04.337 exempts amounts received by hop growers or dealers for hops shipped outside the state of Washington for first use, if those hops have been processed into extract, pellets, or powder in this state. However, the processor or warehouse of such products is not exempt on amounts charged for processing or warehousing such products.

(iii) **Sales of hatching eggs or poultry.** RCW 82.04.410 exempts amounts received for the sale of hatching eggs or poultry by farmers producing hatching eggs or poultry, when these agricultural products are for use in the production for sale of poultry or poultry products.

(9) **Retail sales tax and use tax exemptions.** This subsection provides information about a number of retail sales tax and corresponding use tax exemptions available to farmers and persons buying tangible personal property at retail from farmers. Some exemptions require the buyer to provide the seller with an exemption certificate. Refer to subsection (10) of this rule for additional information regarding exemption certificates.

(a) **Pollen.** RCW 82.08.0277 and 82.12.0273 exempt the sale and use of pollen from retail sales and use taxes.

(b) **Semen.** RCW 82.08.0272 and 82.12.0267 exempt the sale and use of semen used in the artificial insemination of livestock from retail sales and use taxes.

(c) **Feed for livestock at public livestock markets.** RCW 82.08.0296 and 82.12.0296 exempt the sale and use of feed to be consumed by livestock at a public livestock market from retail sales and use taxes.

(d) **Food products.** RCW 82.08.0293 and 82.12.0293 exempt the sale and use of food products for human consumption from retail sales and use taxes. These exemptions also apply to the sale or use of livestock for personal consumption as food. For more information about food products that qualify for this exemption see WAC 458-20-244.

(e) **Auction sales of farm property.** RCW 82.08.0257 and 82.12.0258 exempt from retail sales and use taxes tangible personal property, including household goods, which has been used in conducting a farm activity, if the property is purchased from a farmer, as defined in RCW 82.04.213, at an auction sale held or conducted by an auctioneer on a farm. Effective June 12, 2014, these exemptions do not apply to personal property used by a person in the production of cannabis.

(f) **Poultry.** RCW 82.08.0267 and 82.12.0262 exempt from retail sales and use taxes the sale and use of poultry used in the production for sale of poultry or poultry products.

Example 8. A poultry hatchery produces poultry from eggs. The resulting poultry are sold to egg producers. These sales are exempt from retail sales tax under RCW 82.08.0267. (They are also exempt from B&O tax. See subsection (8)(d)(iii) of this rule.)

(g) **Leases of irrigation equipment.** RCW 82.08.0288 and 82.12.0283 exempt the lease or use of irrigation equipment from retail sales and use taxes, but only if:

(i) The lessor purchased the irrigation equipment for the purpose of irrigating land controlled by the lessor;

(ii) The lessor has paid retail sales or use tax upon the irrigation equipment;

(iii) The irrigation equipment is attached to the land in whole or in part;

(iv) Effective June 12, 2014, the irrigation equipment is not used in the production of cannabis; and

(v) The irrigation equipment is leased to the lessee as an incidental part of the lease of the underlying land and is used solely on such land.

(h) **Beef and dairy cattle.** RCW 82.08.0259 and 82.12.0261 exempt the sale and use of beef and dairy cattle, to be used by a farmer in producing an agricultural product, from retail sales and use taxes.

Example 9. John operates a farm where he raises beef and dairy cattle for sale. He also raises other livestock for sale including hogs, sheep, and goats. John's sales of beef and dairy cattle for use on a farm are exempt from retail sales tax. However, John must collect retail sales tax on all retail sales of sheep, goats, and hogs unless the sales qualify for either the food products exemption described in (d) of this subsection, or the exemption for sales of livestock for breeding purposes described in this subsection (9)(i) of this rule.

(i) **Livestock for breeding purposes.** RCW 82.08.0259 and 82.12.0261 exempt the sale or use of livestock, as defined in RCW 16.36.005, for breeding purposes where the animals are registered in a nationally recognized breed association from retail sales and use taxes.

Example 10. ABC Farms raises and sells quarter horses registered in the American Quarter Horse Association (AQHA). Quarter horses are generally recognized as a definite breed of horse, and the AQHA is a nationally recognized breed association. Therefore, ABC Farms is not required to collect sales tax on retail sales of quarter horses for breeding purposes, provided it receives and retains a completed exemption certificate from the buyer.

(j) **Bedding materials for chickens.** RCW 82.08.920 and 82.12.920 exempt from retail sales and use taxes the sale to and use of bedding materials by farmers to accumulate and facilitate the removal of chicken manure, provided the farmer is raising chickens that are sold as agricultural products.

(i) **What are bedding materials?** "Bedding materials" are wood shavings, straw, sawdust, shredded paper, and other similar materials.

(ii) **Example 11.** Farmer raises chickens for use in producing eggs for sale. When the chickens are no longer useful for producing eggs, Farmer sells them to food processors for soup and stew meat. Farmer purchases bedding materials used to accumulate and facilitate the removal of chicken manure. The purchases of bedding materials by Farmer are exempt from retail sales tax as long as Farmer provides the seller with a completed Farmers' Certificate for Wholesale Purchases and Sales Tax Exemptions. See subsection (10) of this rule for where to find an exemption certificate. The seller must retain a copy of the exemption certificate for its records.

The exemption merely requires that the chickens be sold as agricultural products. It is immaterial that Farmer primarily raises the chickens to produce eggs.

(k) **Propane or natural gas used to heat structures housing chickens.** RCW 82.08.910 and 82.12.910 exempt from retail sales and use taxes the sale to and use of propane or natural gas by farmers to heat structures used to house chickens. The propane or natural gas must be used exclusively to heat the structures, and the structures must be used exclusively to house chickens that are sold as agricultural products.

(i) **What are "structures"?** "Structures" are barns, sheds, and other similar buildings in which chickens are housed.

(ii) **Example 12.** Farmer purchases natural gas that is used to heat structures housing chickens. The natural gas is used exclusively to heat the structures, and the structures are used exclusively to house chickens. The chickens are used to produce eggs. When the chickens are no longer useful for producing eggs, Farmer sells the chickens to food processors for soup and stew meat. The purchase of natural gas by Farmer is exempt from retail sales tax as long as Farmer provides the seller with a completed Farmers' Certificate for Wholesale Purchases and Sales Tax Exemptions. See subsection (10) of this rule for where to find an exemption certificate. The seller must retain a copy of the exemption certificate for its records.

The exemption merely requires that the chickens be sold as agricultural products. It is immaterial that Farmer primarily houses these chickens to produce eggs.

(iii) **Example 13.** Farmer purchases natural gas that is used to heat structures used in the incubation of chicken eggs and structures used for washing, packing, and storing eggs. The natural gas used to heat these structures is not exempt from retail sales tax because the structures are not used exclusively to house chickens that are sold as agricultural products.

~~(1) ((Farm fuel used for agricultural purposes.~~

~~(i))~~ **Diesel, biodiesel, and aircraft fuel(s) for farm fuel users.** RCW 82.08.865 and 82.12.865 exempt from retail sales and use taxes the sale and use of diesel fuel, biodiesel fuel, and aircraft fuel, to farm fuel users for agricultural purposes. The exemptions apply to a fuel blend if all of the component fuels of the blend would otherwise be exempt if the component fuels were sold as separate products. The buyer must provide the seller with a completed Farmers' Certificate for Wholesale Purchases and Sales Tax Exemptions. See subsection (10) of this rule for where to find an exemption certificate. The seller must retain a copy of the exemption certificate for its records.

~~((A))~~ **(i)** The exemptions apply to nonhighway uses for production of agricultural products and for providing horticultural services to farmers. Horticultural services include:

~~((I))~~ **(A)** Soil preparation services;

~~((II))~~ **(B)** Crop cultivation services;

~~((III))~~ **(C)** Crop harvesting services.

~~((B))~~ **(ii)** The exemptions do not apply to uses other than for agricultural purposes. Agricultural purposes do not include:

~~((I))~~ **(A)** Heating space for human habitation or water for human consumption; or

~~((II))~~ **(B)** Transporting on public roads individuals, agricultural products, farm machinery or equipment, or other tangible personal property, except when the transportation is incidental to transportation on private property and the fuel used for such transportation is not subject to tax under chapter 82.38 RCW.

~~((ii) Propane and natural gas used in distilling mint on a farm. Effective October 1, 2013, RCW 82.08.220 and 82.12.220 exempt from retail sales and use taxes sales to and use by farmers of propane or natural gas used exclusively to distill mint on a farm. The buyer must provide the seller with a completed Farmers' Certificate for Wholesale Purchases and Sales Tax Exemptions. The seller must retain a copy of the exemption certificate for its records. See subsection (10) of this rule for where to find an exemption certificate. The seller must also report amounts claimed for exemption when electronically filing excise tax returns. This exemption is scheduled to expire July 1, 2017.))~~

(m) **Nutrient management equipment and facilities.** RCW 82.08.890 and 82.12.890 provide retail sales and use tax exemptions for the sale to or use by eligible persons of:

(i) Qualifying livestock nutrient management equipment;

(ii) Labor and services rendered in respect to installing, repairing, cleaning, altering, or improving qualifying livestock nutrient management equipment; and

(iii) Labor and services rendered in respect to repairing, cleaning, altering, or improving qualifying livestock nutrient management facilities, or to tangible personal property that becomes an ingredient or component of qualifying livestock nutrient management facilities in the course of repairing, cleaning, altering, or improving such facilities.

(iv) Nonqualifying labor and services. This subsection (9)(m)(iii) of this rule does not include the sale of or charge made for labor and services rendered in respect to the constructing of new, or replacing previously existing, qualifying livestock nutrient management facilities, or tangible personal property that becomes an ingredient or component of qualifying livestock nutrient management facilities during the course of constructing new, or replacing previously existing qualifying livestock nutrient management facilities.

(v) Nutrient management plan must be certified or approved. The exemptions provided by RCW 82.08.890 and 82.12.890 apply to sales made after the livestock nutrient management plan is:

(A) Certified under chapter 90.64 RCW;

(B) Approved as part of the permit issued under chapter 90.48 RCW; or

(C) Approved by a conservation district and who qualifies for the exemption provided under RCW 82.08.855. (~~Effective June 12, 2014, the requirement for the department to issue exemption certificates was removed.~~) A Farmers' Certificate for Wholesale Purchases and Sales Tax Exemptions should be completed and provided to the seller. In lieu of the exemption certificate, a seller may capture the relevant data elements as allowed under the streamlined sales and use tax agreement. The seller must retain a copy of the certificate or the data elements for the seller's files.

(vi) **Definitions. For the purpose of these exemptions, the following definitions apply:**

(A) **"Animal feeding operation"** means a lot or facility, other than an aquatic animal production facility, where the following conditions are met:

- Animals, other than aquatic animals, have been, are, or will be stabled or confined and fed or maintained for a total of 45 days or more in any 12-month period; and

- Crops, vegetation, forage growth, or post-harvest residues are not sustained in the normal growing season over any portion of the lot or facility.

(B) **"Conservation district"** means a subdivision of state government organized under chapter 89.08 RCW.

(C) **"Eligible person"** means a person:

- Licensed to produce milk under chapter 15.36 RCW who has a certified dairy nutrient management plan, as required by chapter 90.64 RCW; or

- Who owns an animal feeding operation and has a permit issued under chapter 90.48 RCW; or

- Who owns an animal feeding operation and has a nutrient management plan approved by a conservation district as meeting natural re-

source conservation service field office technical guide standards and who qualifies for the exemption provided under RCW 82.08.855.

(D) **"Handling and treatment of livestock manure"** means the activities of collecting, storing, moving, or transporting livestock manure, separating livestock manure solids from liquids, or applying livestock manure to the agricultural lands of an eligible person other than through the use of pivot or linear type traveling irrigation systems.

(E) **"Permit"** means either a state waste discharge permit or a National Pollutant Discharge Elimination System permit, or both.

(F) **"Qualifying livestock nutrient management equipment"** means the tangible personal property listed below for exclusive use in the handling and treatment of livestock manure, including repair and replacement parts for the same equipment:

- Aerators
- Agitators
- Augers
- Conveyers
- Gutter cleaners
- Hard-hose reel traveler irrigation systems
- Lagoon and pond liners and floating covers
- Loaders
- Manure composting devices
- Manure spreaders
- Manure tank wagons
- Manure vacuum tanks
- Poultry house cleaners
- Poultry house flame sterilizers
- Poultry house washers
- Poultry litter saver machines
- Pipes
- Pumps
- Scrapers
- Separators
- Slurry injectors and hoses
- Wheelbarrows, shovels, and pitchforks.

(G) **"Qualifying livestock nutrient management facilities"** means the exclusive use in the handling and treatment of livestock manure of the facilities listed below:

- Flush systems
- Lagoons
- Liquid livestock manure storage structures, such as concrete tanks or glass-lined steel tanks
- Structures used solely for dry storage of manure, including roofed stacking facilities.

(n) **Anaerobic digesters (effective July 1, 2018).**

(i) RCW 82.08.900 and 82.12.900 provide retail sales and use tax exemptions for purchases and uses by eligible persons:

(A) In respect to equipment necessary to process biogas from a landfill into marketable coproducts including, but not limited to, biogas conditioning, compression, and electrical generation equipment, or to services rendered in respect to installing, constructing, repairing, cleaning, altering, or improving equipment necessary to process biogas from a landfill into marketable coproducts; and

(B) Establishing or operating anaerobic digesters or to services rendered in respect to installing, constructing, repairing, cleaning, altering, or improving an anaerobic digester. The exemptions include sales of tangible personal property that becomes an ingredient or component of the anaerobic digester. Anaerobic digester means a facility that processes organic material into biogas and digestate using microorganisms in a decomposition process within a closed, oxygen-free container as well as the equipment necessary to process biogas or digestate produced by an anaerobic digester into marketable coproducts including, but not limited to, biogas conditioning, compression, nutrient recovery, and electrical generation equipment.

~~(ii) (**Exemption certificate.** Effective July 24, 2015, eligible persons no longer need to apply for an exemption certificate. An "eligible person" is any person establishing or operating an anaerobic digester or landfill or processing biogas from an anaerobic digester or landfill into marketable coproducts.~~

~~(iii))~~ **Records retention and exemption certificate.** Persons claiming the exemptions under RCW 82.08.900 and 82.12.900 must keep records necessary for the department to verify eligibility. Sellers may make tax exempt sales only if the buyer provides the seller with a completed Farmers' Certificate for Wholesale Purchases and Sales Tax Exemptions, and the seller retains a copy of the certificate for its files. See subsection (10) of this rule for where to find an exemption certificate.

(o) (i) Anaerobic digesters (effective until ((July 1, 2018)) January 1, 2029). RCW 82.08.900 and 82.12.900 provide retail sales and use tax exemptions for purchases and uses by eligible persons establishing or operating anaerobic digesters or to services rendered in respect to installing, constructing, repairing, cleaning, altering, or improving an anaerobic digester. The exemptions include sales of tangible personal property that becomes an ingredient or component of the anaerobic digester. The anaerobic digester must be used primarily (more than 50 percent measured by volume or weight) to treat livestock manure. Anaerobic digester is a facility that processes manure from livestock into biogas and dried manure using microorganisms in a decomposition process within a closed, oxygen-free container.

~~((i) **Exemption certificate.** Effective July 24, 2015, eligible persons no longer need to apply for an exemption certificate. An "eligible person" is any person establishing or operating an anaerobic digester to treat primarily livestock manure.))~~

(ii) **Records retention and exemption certificate.** Persons claiming the exemptions under RCW 82.08.900 and 82.12.900 must keep records necessary for the department to verify eligibility. Sellers may make tax exempt sales only if the buyer provides the seller with a completed Farmers' Certificate for Wholesale Purchases and Sales Tax Exemptions, and the seller retains a copy of the certificate for its files. See subsection (10) of this rule for where to find an exemption certificate.

(p) **Animal pharmaceuticals.** RCW 82.08.880 and 82.12.880 exempt from retail sales and use taxes the sale of and use of certain animal pharmaceuticals when sold to, or used by, farmers or veterinarians. To qualify for the exemption, the animal pharmaceutical must be administered to an animal raised by a farmer for the purpose of producing an agricultural product for sale. In addition, the animal pharmaceutical must be approved by the United States Department of Agriculture (USDA) or the United States Food and Drug Administration (FDA).

(i) **Who is a veterinarian?** A "veterinarian" means a person who is licensed to practice veterinary medicine, surgery, or dentistry under chapter 18.92 RCW.

(ii) **How can I determine whether the FDA or USDA has approved an animal pharmaceutical?** The FDA and USDA have an established approval process set forth in federal regulations. The FDA maintains a list of all approved animal pharmaceuticals called the "*Green Book*." The USDA maintains a list of approved biotechnology products called the "*Veterinary Biologics Product Catalogue*." Pharmaceuticals that are not on either of these lists have not been approved and are not eligible for the exemption.

(iii) **Example 17.** Dairy Farmer purchases sterilizing agents. The sterilizing agents are applied to the equipment and facilities where Dairy Farmer's cows are milked. Dairy Farmer also purchases teat dips, antiseptic udder washes, and salves that are not listed in either the FDA's *Green Book* of approved animal pharmaceuticals or the USDA's *Veterinary Biologics Product Catalogue* of approved biotechnology products. The purchases of sterilizing agents are not exempt as animal pharmaceuticals because the sterilizing agents are not administered to animals. The teat dips, antiseptic udder washes, and salves are likewise not exempt because they have not been approved by the FDA or USDA.

(iv) **What type of animal must the pharmaceutical be administered to?** As explained above, the exemptions are limited to the sale and use of animal pharmaceuticals administered to an animal that is raised by a farmer for the purpose of producing an agricultural product for sale. The conditions under which a farmer may purchase and use tax-exempt animal pharmaceuticals are similar to those under which a farmer may purchase and use feed at wholesale. Both types of purchases and uses require that the particular product be sold to or used by a farmer (or a veterinarian in the case of animal pharmaceuticals), and that the product be given or administered to an animal raised by a farmer for the purpose of producing an agricultural product for sale.

(v) **Examples of animals raised for the purpose of producing agricultural products for sale.** For purposes of the exemptions, the following is a nonexclusive list of examples of animals that are being raised for the purpose of producing an agricultural product for sale, presuming all other requirements for the exemption are met:

(A) Horses, cattle, or other livestock raised by a farmer for sale;

(B) Cattle raised by a farmer for the purpose of slaughtering, if the resulting products are sold;

(C) Milk cows raised and/or used by a dairy farmer for the purpose of producing milk for sale;

(D) Horses raised by a farmer for the purpose of producing foals for sale;

(E) Sheep raised by a farmer for the purpose of producing wool for sale; and

(F) "Private sector cultured aquatic products" as defined by RCW 15.85.020 (e.g., salmon, catfish, and mussels) raised by an aquatic farmer for the purpose of sale.

(vi) **Examples of animals that are not raised for the purpose of producing agricultural products for sale.** For purposes of the exemptions, the following nonexclusive list of examples do not qualify because the animals are not being raised for the purpose of producing an agricultural product for sale:

(A) Cattle raised for the purpose of slaughtering if the resulting products are not produced for sale;

(B) Sheep and other livestock raised as pets;

(C) Dogs or cats, whether raised as pets or for sale. Dogs and cats are pet animals; therefore, they are not considered to be agricultural products. (See subsection (3) of this rule); and

(D) Horses raised for the purpose of racing, showing, riding, and jumping. However, if at some future time the horses are no longer raised for racing, showing, riding, or jumping and are instead being raised by a farmer for the purpose of producing foals for sale, the exemption will apply if all other requirements for the exemption are met.

(vii) **Do products that are used to administer animal pharmaceuticals qualify for the exemption?** Sales and uses of products that are used to administer animal pharmaceuticals (e.g., syringes) do not qualify for the exemptions, even if they are later used to administer a tax-exempt animal pharmaceutical. However, sales and uses of tax-exempt animal pharmaceuticals contained in a product used to administer the animal pharmaceutical (e.g., a dose of a tax-exempt pharmaceutical contained in a syringe or cotton applicator) qualify for the exemption.

(q) **Replacement parts for qualifying farm machinery and equipment.** RCW 82.08.855 and 82.12.855 exempt from retail sales and use taxes sales to and uses by eligible farmers of replacement parts for qualifying farm machinery and equipment. Also included are: Labor and services rendered during the installation of repair parts; and labor and services rendered during repair as long as no tangible personal property is installed, incorporated, or placed in, or becomes an ingredient or component of the qualifying equipment other than replacement parts.

(i) **The following definitions apply to this subsection:**

(A) "Eligible farmer" as defined in RCW 82.08.855(4).

(B) "Qualifying farm machinery and equipment" means machinery and equipment used primarily by an eligible farmer for growing, raising, or producing agricultural products, and effective July 1, 2015, providing bee pollination services, or both.

(C) "Qualifying farm machinery and equipment" does not include:

- Vehicles as defined in RCW 46.04.670, other than farm tractors as defined in RCW 46.04.180, farm vehicles and other farm implements. "Farm implements" means machinery or equipment manufactured, designed, or reconstructed for agricultural purposes and used primarily by an eligible farmer to grow, raise, or produce agricultural products, but does not include lawn tractors and all-terrain vehicles;

- Aircraft;

- Hand tools and hand-powered tools; and

- Property with a useful life of less than one year.

(D) "Replacement parts" means those parts that replace an existing part, or which are essential to maintain the working condition, of a piece of qualifying farm machinery or equipment. Paint, fuel, oil, hydraulic fluids, antifreeze, and similar items are not replacement parts except when installed, incorporated, or placed in qualifying farm machinery and equipment during the course of installing replacement parts as defined here or making repairs as described above in (p) of this subsection.

(ii) **Records retention and exemption certificate.** (~~Prior to June 12, 2014, the department was required to provide an exemption certifi-~~

~~cate to an eligible farmer or renew an exemption certificate when the eligible farmer applied for a renewal.~~

~~(A))~~ Persons claiming the exemptions must keep records necessary for the department to verify eligibility. Sellers making tax-exempt sales must obtain, and retain in its files, a completed Farmers' Certificate for Wholesale Purchases and Sales Tax Exemptions from the farmer. In lieu of the exemption certificate, a seller may capture the relevant data elements as allowed under the streamlined sales and use tax agreement.

~~((B) The exemptions provided by RCW 82.08.890 and 82.12.890 do not apply to sales made from July 1, 2010, through June 30, 2013.))~~

(10) **Sales tax exemption certificates.** As indicated in subsection (9) of this rule, certain sales of tangible personal property and retail services either to or by farmers are exempt from retail sales tax. A person claiming an exemption must keep records necessary for the department to verify eligibility for each claimed exemption. ~~((Effective June 12, 2014, the requirement for the department to issue certificates to qualified farmers was removed. Instead, farmers))~~ A person claiming an exemption under subsection (9) of this rule may complete and use the department's Farmers' Certificate for Wholesale Purchases and Sales Tax Exemptions. Refer to the department's website at dor.wa.gov for the exemption certificate. In lieu of an exemption certificate, a seller may capture the relevant data elements as provided under the streamlined sales and use tax agreement as allowed under RCW 82.08.050. Sellers must retain a copy of the exemption certificate or the data elements in their files. Without proper documentation, sellers are liable for payment of the retail sales tax on sales claimed as exempt.

WAC 458-20-178 Use tax and the use of tangible personal property. (1) **Introduction.** This rule provides general use tax-reporting information for consumers. It discusses who is responsible for remitting use tax, and when and how to remit the tax. The rule also explains the imposition of use tax as it applies to the use of tangible personal property within this state when the acquisition of the tangible personal property was not subject to retail sales or deferred sales tax.

(a) **Examples.** Examples found in this rule identify a number of facts and then state a conclusion. These examples should be used only as a general guide. The tax results of other situations must be determined after a review of all of the facts and circumstances.

(b) **Additional information available.** For information on use tax exemptions please refer to chapter 82.12 RCW. When appropriate, this rule refers the reader to applicable statutes and rules. In addition, the reader may wish to refer to the following:

~~(i) WAC ((458-20-145, Local sales and use tax, provides information on sourcing local sales and use taxes.~~

~~(ii))~~ 458-20-112, Value of products, provides information on the measure of tax for certain sales.

(ii) WAC 458-20-145, Local sales and use tax, provides information on sourcing local sales and use taxes.

(iii) WAC 458-20-15503, Digital products, provides information on sales and use tax liability on digital products such as: Digital goods, including digital audio works, digital audio-visual works, and digital books; digital automated services; digital codes used to obtain digital goods or digital automated services; and remote-access software.

~~((iii))~~ (iv) WAC 458-20-169, Nonprofit organizations, provides information on a use tax exemption for donated items to a nonprofit charitable organization.

~~((iv))~~ (v) WAC 458-20-17803, Use tax on promotional material, provides information about the use tax reporting responsibilities of persons who distribute or cause the distribution of promotional material, except newspapers, the primary purpose of which is to promote the sale of products or services in Washington.

~~((v))~~ (vi) WAC 458-20-190, Sales to and by the United States—Doing business on federal reservations—Sales to foreign governments, provides tax reporting information for businesses doing business with the United States.

~~((vi))~~ (vii) WAC 458-20-192, Indians—Indian country, provides information on use tax pertaining to Indians and Indian tribes and use tax pertaining to non-Indians in Indian country.

~~((vii))~~ (viii) WAC 458-20-257, Warranties and service contracts, provides information on tax responsibilities of persons selling or performing services covered by warranties, service contracts, and mixed agreements for tangible personal property.

(2) **What is use tax?** Use tax complements the retail sales tax, and in most cases mirrors the retail sales tax. Articles of tangible personal property used or certain services purchased in Washington are subject to use tax when the state's retail sales tax has not been paid, or where an exemption is not available. Tangible personal prop-

erty or services used or purchased by the user in any manner are taxable including, but not limited to:

- Purchases directly from out-of-state sellers;
- Purchases through the internet, telemarketing, mail order; or
- Acquisitions at casual or isolated sales.

(a) **Example 1.** ABC Company (ABC) orders office supplies from out-of-state vendors and also through catalogs. In addition, ABC pays annual subscriptions for magazines for their own use. None of these vendors is required to collect Washington's retail sales tax. Use tax is due on all taxable items ordered including the annual subscriptions.

(b) **Example 2.** Mary is a music instructor that teaches adults how to play the piano. Mary does not charge her students retail sales tax on the costs of the weekly piano lessons. Use tax is not due on the lessons, as the lessons are not a retail sales taxable service. See WAC 458-20-224, Service and other business activities.

(3) **"Use" defined.** For purposes of this rule, "use," "used," "using," or "put to use" have their ordinary meaning and include the first act by which a person takes or assumes dominion or control over the article (as a consumer). It includes installation, storage, withdrawal from storage, or any other act preparatory to subsequent actual use or consumption within the state. (See RCW 82.12.010.) Multiple uses of the same article by the same person do not generally result in multiple use tax liabilities.

(4) **Measure of tax - Value of article used.** Use tax generally is levied and collected on an amount equal to the value of the article used by the taxpayer. RCW 82.12.010 defines this value to generally be the purchase price of the article. There are a number of specific situations where this value may be different than the amount of consideration paid or given by the buyer to the seller. See subsection (7) of this rule for exceptions.

(a) **When the value is the purchase price.** The term "purchase price" has the same meaning as "selling price." The selling price is the total amount of consideration, except trade-in property of like kind, including cash, credit, property, and services, for which tangible personal property is sold, leased, or rented, valued in money, whether received in money or otherwise. The selling price, and therefore the "value of the article used" also includes delivery charges. Delivery charges are charges made by the seller for preparing and delivering tangible personal property to a location designated by the buyer and include, but is not limited to, charges for transportation, shipping, postage, handling, crating, and packing. (See RCW 82.08.010 and 82.12.010.)

(b) **When the purchase price does not represent true value.** When an article is sold under conditions in which the purchase price does not represent the true value, the "value of the article used" is to be determined as nearly as possible according to the retail selling price at place of use of similar products of like quality and character. (See RCW 82.12.010.) This is frequently referred to as the fair market value of the property. For additional information regarding the measure of tax for articles in these situations, refer to WAC 458-20-112, Value of products. Refer to subsection (4)(i)(i) of this rule for determining use tax when there is no similar article of like quality and character.

A comparison(≠) and examination of arm's length sales transactions is required when determining the value of the article used on the basis of the retail selling price of similar products. An arm's

length sale generally involves a transaction negotiated by unrelated parties, each acting in his or her own self-interest.

(i) In an arm's length sales transaction, the value placed on the property by the parties to the transaction may be persuasive evidence of the true value of the property. Where there is a conflict regarding the true value of tangible personal property between sales documents, entries in the accounting records (~~and~~), or value reported for use tax purposes, the department often looks to the person's accounting records as an indication of the minimum value of capitalized property. Neither the department nor the taxpayer is necessarily bound by this value if it is established that the entry in the books of account does not fairly represent the true value of the article used.

(ii) Some arm's length sales transactions involve multiple pieces of property or different types of property (such as when both real and personal property are sold). While the total sales price may represent a true value for the property in total, the values allocated to the specific components may not in and of themselves represent true values for those components. This is especially apparent when the values assigned by the parties to the sales transaction vary from those entered into the accounting records (~~and~~) or reported for use tax purposes. In such cases, the value of the article used for the purpose of the use tax must be determined as nearly as possible according to the retail selling price, at the place of use, of similar products of like quality and character.

(c) **Property acquired and used outside Washington before use occurs in Washington.** The purchase price of property acquired and used outside Washington before being used in this state may not represent the property's true value. Under these circumstances, the value of article used is the retail selling price at place of use of similar products of like quality and character as of the time the article is first used in Washington.

(d) **Imported property.** When property is imported from outside the United States for use in Washington state, the value of the article used includes any amount of tariff or duty paid with respect to importation.

(e) **Articles produced for commercial or industrial use.** A person who extracts or manufactures products or by-products for commercial or industrial use is subject to use tax and the business and occupation (B&O) tax on the value of products or by-products used. "Commercial or industrial use" is the use of products, including by-products, as a consumer by the person who extracted or manufactured the products or by-products. See WAC 458-20-134, Commercial or industrial use and WAC 458-20-136, Manufacturing, processing for hire, fabricating.

Tax applies even if the person is not generally in the business of extracting, producing, or manufacturing the products, or the extracting or manufacturing activity is incidental to the person's primary business activity. Thus, a clothing retailer who manufactures signs or other materials for display purposes incurs a liability even though the clothing retailer is not otherwise in the business of manufacturing signs and other display materials for sale.

(i) The extractor or manufacturer is responsible for remitting retail sales or use tax on all materials used while developing or producing an article for commercial or industrial use. This includes materials that are not components of the completed article.

(ii) The value of the extracted or manufactured article is subject to use tax when the article is completed and used. The measure of use tax due for the completed article may be reduced by the value of

any materials actually incorporated into that article if the manufacturer or extractor previously paid sales or use tax on the materials. See subsection (4)(g) of this rule for an explanation of the measure of tax for a completed prototype.

(f) **Bailment.** For property acquired by bailment, the "value of the article used" for the bailee is an amount representing a reasonable rental for the use of the bailed article, determined as nearly as possible according to the value of such use at the places of use of similar products of like quality and character. (See RCW 82.12.010.) If the nature of the article is such that it can only be used once, the reasonable rental value is the full value of the article used. See also WAC 458-20-211, Leases or rentals of tangible personal property, bailments.

(g) **Prototypes.** The value of the article used with respect to an article manufactured or produced for purposes of serving as a prototype for the development of a new or improved product is:

- The retail selling price of such new or improved product when first offered for sale; or
- The value of materials incorporated into the prototype in cases where the new or improved product is not offered for sale. (See RCW 82.12.010.)

(h) **Articles manufactured and used in the production of products for the department of defense.** When articles are manufactured and used in the production of products for the department of defense, use tax is due except where there is an exemption. The value of the article used with respect to an article manufactured or produced by the user and used in the manufacture or production of products sold or to be sold to the department of defense of the United States is the value of the ingredients of the manufactured or produced article. (See RCW 82.12.010.) However, refer to WAC 458-20-13601, Manufacturers and processors for hire—Sales and use tax exemption for machinery and equipment, to determine if such articles qualify for exemption under RCW 82.12.02565.

(i) **Property temporarily brought into Washington for business use.** In the case of articles owned by a user engaged in business outside the state which are brought into the state for no more than 180 days in any period of 365 consecutive days and which are temporarily used for business purposes by the person in this state, the value of the article used must be an amount representing a reasonable rental for the use of the articles, unless the person has paid tax under chapter 82.08 or 82.12 RCW upon the full value of the article used.

However, this measure of "value of article used" is a separate provision from RCW 82.12.0251 use tax exemption. The use tax exemption is provided to nonresidents bringing property into Washington for his or her use or enjoyment while temporarily within the state, unless the property is used in conducting a nontransitory business activity. The term "nontransitory business activity," for the purposes of this exemption, means and includes the business of extracting, manufacturing, selling tangible and intangible property, printing, publishing, and performing contracts for ((the)) constructing or improving ((of)) real or personal property. It does not include the business of conducting a circus or other form of amusement when the personnel and property of such business regularly moves from one state into another, nor does it include casual or incidental business done by a nonresident lawyer, doctor or accountant.

(i) **Reasonable rental value.** A reasonable rental value is normally determined by the rental price or using the fair market rental value of similar products of like quality and character if rental price is not reasonable. If a reasonable rental value cannot be determined because of the nature of property, such as it may not be possible to find similar products of like quality and character, monthly reasonable rental value may be determined based on depreciation plus one percent (per month) of the purchase price. For the purpose of this computation, depreciation should be computed on a straight-line basis with an assumption that there is no salvage value. The life of the asset must be based on "book" life rather than an accelerated life that might be used for federal tax purposes. This calculation applies even if the asset is fully depreciated.

(ii) **Example.** A piece of equipment that originally cost \$100,000 and has a book life of 48 months results in a monthly rental value of \$3,083 $((100,000/48) + (100,000 \times .01))$. This monthly value applies even if the asset is fully depreciated or is greater or less than the actual depreciation used for federal tax purposes. A lesser value can be used if the taxpayer retains documentation supporting the lesser value and that value is based on rental values.

(j) **Special provisions for vessel dealers and manufacturers.** The value of an article used for a vessel held in inventory and used by a vessel dealer or vessel manufacturer for personal use is the reasonable rental value of the vessel used. This value applies only if the vessel dealer or manufacturer can show that the vessel is truly held for sale and that the dealer or manufacturer is and has been making good faith efforts to sell the vessel. (See RCW 82.12.802.) This may result in a vessel manufacturer incurring multiple use tax liabilities with respect to multiple uses of the same vessel.

The use of a vessel by a vessel dealer or vessel manufacturer for certain purposes is not subject to use tax. For specific information on these exemptions see RCW 82.12.800 and 82.12.801.

(k) **Special provision for asphalt and aggregate.** In the case of a person manufacturing or extracting asphalt or aggregates used in providing services taxable under RCW 82.04.280 (1)(b), the value of the asphalt or aggregates used is based on cost. Specifically, the value of the asphalt or aggregates equals the sum of all direct and indirect costs attributable to the asphalt or aggregates used, plus a public road construction market adjustment of five percent of those costs.

(5) **Who is liable for the tax?** RCW 82.12.020 imposes use tax upon every person using tangible personal property or certain retail services as a consumer in the state of Washington. The law does not distinguish between persons using property (or certain retail services) for business or personal use. Thus, a Washington resident purchasing personal items via the internet or through a mail-order catalog has the same legal responsibility to report and remit use tax as does a corporation purchasing office supplies. The rate of the use tax is the same as the retail sales tax rate in the location where the property is used. Refer to WAC 458-20-145, Local sales and use tax, for further discussion about determining where use occurs.

(a) **When tax liability arises.** Use tax is owed at the time the tangible personal property is first put to use in this state, unless an exemption is available.

(b) **Reporting and remitting payment to the department of revenue.**

(i) **Registered taxpayers.** Persons registered with the department under RCW 82.32.030 to do business in Washington should use their excise tax return to report and remit use tax.

(ii) **Unregistered persons.** Persons not required to be registered with the department should use a Consumer Use Tax Return to report and remit use tax. The Consumer Use Tax Return is available by:

(A) Using the department's website at dor.wa.gov;

(B) Calling the department's telephone information center at 360-705-6705; or

(C) Requesting the form at any of the department's local field offices.

The completed Consumer Use Tax Return, with payment, is due on or before the 25th day of the month following the month in which the tax liability occurs. For example, a person acquires clothing without payment of the retail sales tax during August. The Consumer Use Tax Return and the tax are due by September 25th.

The return and payment can be submitted electronically using the department's online system at dor.wa.gov, mailed, or delivered to any of the department's local field offices.

(6) **How does use tax differ from the retail sales tax?** There are circumstances where the law does not provide a use tax exemption to complement a retail sales tax exemption. Where there is no complementary use tax exemption, the buyer(+) or user is still responsible for remitting use tax on his or her use of the purchased property.

For instance, there is no complementary use tax exemption to the retail sales tax exemption in RCW 82.08.0251. This exemption provides a retail sales tax exemption for articles acquired in casual sales transactions, if the seller is not required to be registered with the department. Because there is no complementary use tax exemption, the buyer(+) or user is responsible for remitting the use tax on his or her use of the purchased property. For example, if a person purchases furniture through a classified ad from a homeowner, the buyer is responsible for reporting and paying the use tax although the sale is exempt from retail sales tax.

(7) **Exceptions.** The law provides certain exceptions to the imposition of tax on a single event. These exceptions occur when the law provides a method of determining the measure of tax different than the full value of the article being used.

(a) **Destroyed property.** The mere destruction or discarding of tangible personal property as unusable or worthless is usually not considered a taxable "use." The following examples identify a number of facts and then state a conclusion.

(i) **Example 4.** AA Computer Software (AA) has some obsolete inventory that will no longer sell as an updated version of the software is now available for purchase. AA decides to throw away this inventory even though it has never been used. As the software was never used, use tax is not owed on the destroyed inventory.

(ii) **Example 5.** WW Dealer purchases a used vehicle for resale. WW Dealer publicizes an upcoming sale by airing a television commercial in which WW Dealer destroys the vehicle. WW Dealer's destruction of the vehicle for publicity purposes is considered use by a consumer. The vehicle is subject to use tax sourced at the location where WW Dealer destroys the vehicle.

(b) **Tangible personal property acquired by gift or donation.** (~~The use of~~) Using property acquired by gift or donation is subject to the use tax, unless the person (~~(gifting)~~) giving or donating the property previously paid or remitted Washington retail sales or use tax on the purchase or use of the property. (See RCW 82.12.020.) However, a credit for tax paid in another jurisdiction is available if

documentation of tax paid is provided. See subsection (8) of this rule for additional information.

Use tax does not apply when the same property is (~~gifted~~) given or donated back to the original (~~gifter~~) giver or donor if the original (~~gifter~~) giver or donor previously paid the retail sales tax or use tax.

Example 6. John purchases a vehicle, pays retail sales tax on the purchase, and (~~gifts~~) gives the vehicle to Mary. Mary's use of the vehicle is not subject to use tax because John paid sales tax when he purchased the vehicle. After two years, Mary returns the vehicle to John. John's use of the vehicle is not subject to use tax because he paid sales tax when he originally purchased the vehicle. However, use tax is due if Mary (~~gifts~~) gives or donates the vehicle to a person other than John because Mary has not previously paid retail sales or use tax.

(c) **Tangible personal property put to both an exempt and taxable use.** If property is first used for an exempt or nontaxable purpose and is later used for a nonexempt or taxable purpose, use tax is due on the value of the property when first used for the nonexempt or taxable purpose. For instance, RCW 82.12.0251 provides a use tax exemption for the temporary use within Washington of watercraft brought in by certain nonresidents. (See WAC 458-20-238, Sales of watercraft to nonresidents—Use of watercraft in Washington by nonresidents, for a detailed explanation of the exemption requirements.) However, use tax is due if the nonresident exceeds the temporary use threshold or the nonresident subsequently becomes a Washington resident.

(d) **Intervening use of property purchased for resale.** Persons purchasing tangible personal property for resale in the regular course of business may purchase the property at wholesale without paying retail sales tax provided the property is not put to intervening use, and the buyer provides the seller with a completed reseller permit. (See RCW 82.04.050 and 82.04.060.)

A buyer who purchases taxable property at wholesale and subsequently puts the property to intervening use is subject to either the retail sales tax (commonly referred to as "deferred retail sales tax") or use tax, unless a specific use tax exemption applies to the intervening use. The tax applies even if the property is at all times held out for sale and is in fact later sold. Tax is due even if the intervening use is the result of an unforeseen circumstance, such as when property is purchased for resale, the customer fails to satisfy the terms of the sales agreement, and the property is used until another customer is found. See WAC 458-20-102 Reseller permits regarding tax-reporting requirements when a person purchases property for both resale and consumption.

(e) **Using inventory to promote sales.** Intervening use does not include the use of inventory for floor or window display purposes if that merchandise is subsequently sold as new merchandise. Likewise, intervening use does not include the use of inventory for demonstration purposes occurring with efforts to sell the same merchandise if that merchandise is subsequently sold as new merchandise. The fact that the selling price may be discounted because the property is shop worn from display or demonstration is not, by itself, controlling for the purposes of determining whether intervening use has occurred.

Evidence that property has been put to intervening use includes, but is not limited to, the following:

(i) **Property not sold as new merchandise.** Intervening use occurs if, after use of the property for display or demonstration purposes, the property can no longer be sold as new merchandise. An indication that intervening use has occurred is if property is without a new model warranty if the sale of the property normally includes such a warranty.

(ii) **Capitalizing demonstrator or display property.** The capitalization and depreciation of property is evidence of intervening use. Thus, there is a rebuttable presumption that intervening use occurs if the accounting records identify the property as a demonstrator or as display merchandise. The burden is on the person making such entries in the accounting records to substantiate any claims the property was not put to intervening use.

(iii) **Loaning property to promote sales.** Intervening use includes loaning property to a customer or potential customer for the purpose of promoting sales of other products. For example, intervening use occurs if a coffee manufacturer (~~and~~) or distributor loans brewing equipment to a customer to promote coffee sales, even if the equipment is subsequently sold to the same or different customer. In this example, the coffee manufacturer (~~and~~) or distributor loaning the equipment would owe use tax on the full value of the equipment. If the manufacturer (~~and~~) or distributor had not paid use tax, the customer would owe use tax on the reasonable rental value as this is a bailment situation. See subsection (4)(f) of this section for the measure of tax on bailed articles.

(f) **Effect of the trade-in exclusion.** The exclusion for the value of trade-in property from the measure of tax applies only if the trade-in property is of the same general type or classification as the property for which it was traded-in. There is no requirement that Washington's retail sales or use tax be previously paid on the trade-in property. There is also no requirement that the property subject to use tax be acquired in Washington, or that the user be a Washington resident at the time he or she acquired the property. For additional information refer to WAC 458-20-247, Trade-ins, selling price, sellers' tax measure.

(8) **Credit for taxes paid in other jurisdictions.** RCW 82.12.035 provides a credit against Washington's use tax for legally imposed retail sales or use taxes paid by the purchaser to: Any other state, possession, territory, or commonwealth of the United States, or any political subdivision of a state, the District of Columbia, or any foreign country or political subdivision of a foreign country. (See RCW 82.56.010.)

(a) This use tax credit is available only if the present user, or his or her bailor or donor, has documentation that shows the retail sales or use tax was paid with respect to such property, extended warranty, digital products, digital codes, or service defined as a retail sale in RCW 82.04.050 to the other taxing jurisdiction.

(b) This credit is not available for other types of taxes such as, but not limited to, value-added taxes (VATs).

(c) For the purposes of allocating state and local use taxes, the department first applies the credit against the amount of any use tax due the state. Any unused portion of the credit is then applied against the amount of any use tax due to local jurisdictions. RCW 82.56.010, Multistate Tax Compact, Article V. Elements of Sales and Use Tax Laws.

(9) **No apportionment of use tax liability.** Unless specifically provided by law, the value of the article or use tax liability may not

be apportioned even though the user may use the property both within and without Washington, or use the property for both taxable and exempt purposes.

(a) **Example 7.** A construction company using an airplane for traveling to and from its Washington office and out-of-state job sites must remit use tax on the full value of the airplane, even if the airplane was purchased and delivery taken outside Washington. There is no apportionment of this value even though the airplane is used both within and outside of Washington.

(b) **Exemption.** For an exemption pertaining to use tax liability, see WAC 458-20-17401, Use tax liability for motor vehicles, trailers, and parts used by motor carriers operating in interstate or foreign commerce.
