Revenue Review

Presented to
Economic and Revenue Forecast Council

Steve Lerch
Executive Director

June 23, 2021

WASHINGTON STATE
ECONOMIC AND REVENUE FORECAST COUNCIL

Summary

- U.S. GDP growth, WA personal income growth are higher this year and in 2022 compared to the March forecast
- WA residential building permits forecast is higher than in March
- Forecast risks include COVID-19 and higher inflation
- The forecast of funds subject to the budget outlook is increased by \$838 million for the 2019-21 biennium and \$1,798 million for 2021-23 biennium

Since the March forecast...

Positives:

- COVID cases, hospitalizations and deaths have continued to decline
- U.S. employment has increased by 1.6 million jobs
- WA employment has increased by 37,300 jobs
- Residential real estate transactions remain strong

Negatives:

- Inflation is higher
- New COVID variants
- Supply chain issues not fully resolved in some sectors

Data updates since preliminary forecast

U.S.

- May employment: +559,000 jobs
- May unemployment rate decreased to 5.8% from 6.1% in April
- June Blue Chip GDP forecast: 2021 increased from 6.6% to 6.7%; 2022 unchanged at 4.4%
- May Consumer Price Index: +5.0% over May 2020

Washington

- May employment: +8,900 jobs
- May unemployment rate decreased to 5.3% from 5.4% in April

Forecast risks

Upside

- COVID cases decline faster, consumer response to fiscal stimulus is stronger than in baseline forecast
- Congress could pass infrastructure or additional stimulus legislation.

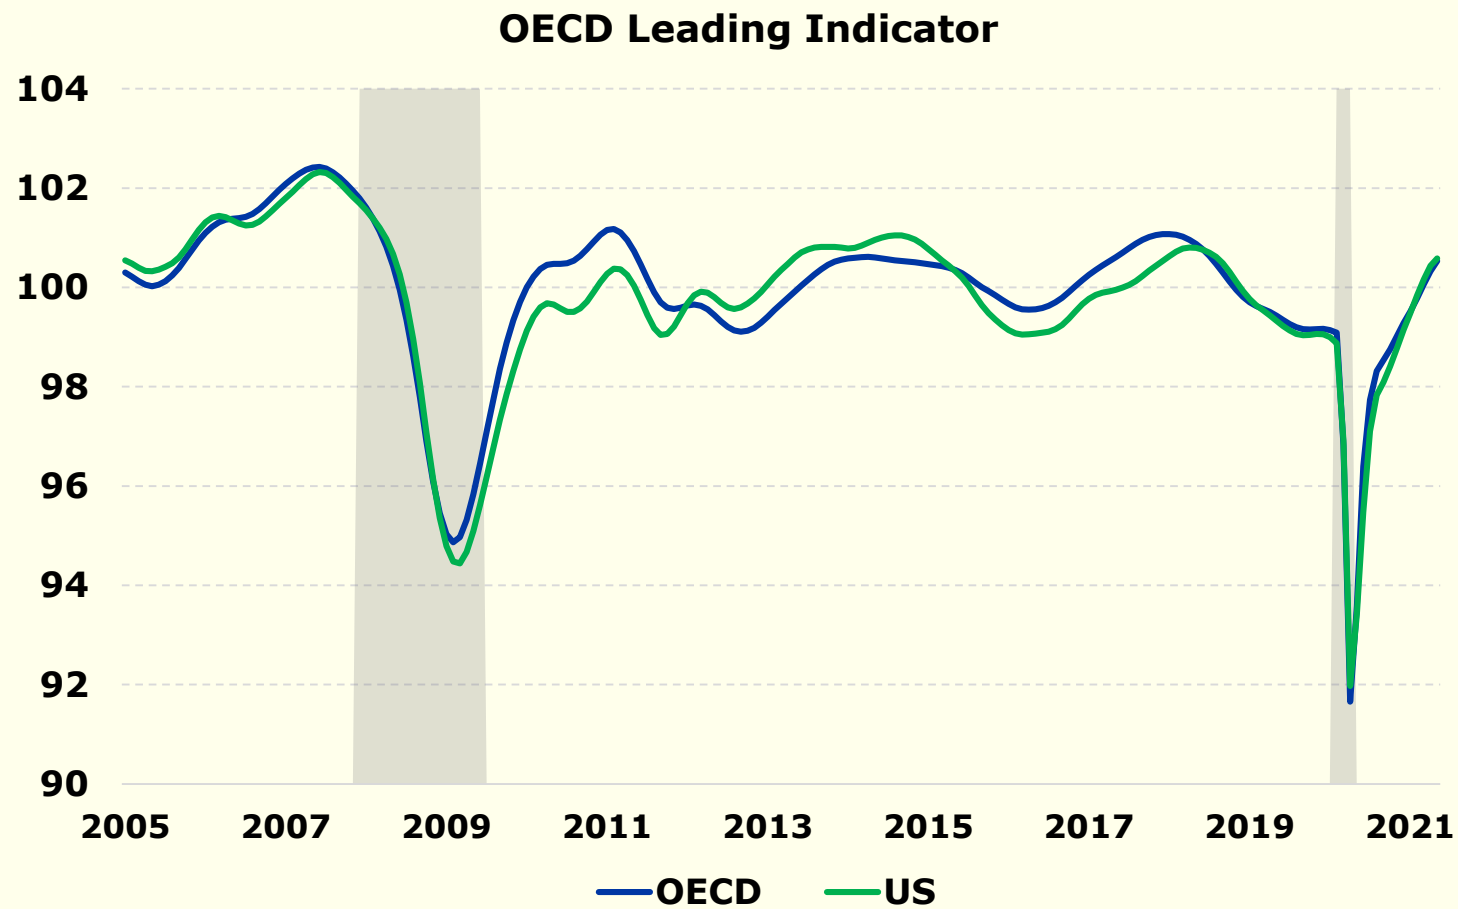

Downside

- More infectious COVID variants lead to increased cases and hospitalizations, slowing pace of recovery
- Slower supply chain recovery and growth in labor supply lead to higher than expected inflation

The taxable amount is calculated based on the tax rate and accumulation amount for the tax type. There may be some differences between calculated and reported taxable amounts due to rounding and partial payments. The taxable amount for audit and excise refund transactions will display as 0.00 as these transactions include multiple filing periods.

The transient rental detail reports are available beginning with the September 2019 distribution. This information is not available for periods prior to September 2019.

2021 Legislative Session: City legislative priorities & outcomes

Read about the Legislature's action on each of our legislative priorities, both pros and cons.

State-shared revenues:

Maintain revenue sharing with cities.

Pro: Added **\$10 million** to cannabis revenue sharing. This brings the total up to **\$40 million**, matching what was promised to cities and counties in 2015.

Pro: Funded remaining state-shared revenues at expected levels.

Pro: Created a new **\$20 million** city assistance fund for one-time costs associated with policing and criminal justice reforms.

Transportation revenue package:

Adopt a new transportation revenue package that emphasizes maintenance/preservation funding and provides an equitable level of local funding and additional local revenue options for cities.

Pro: Made investments in the current budget that were better than expected thanks to federal ARP funds used to backfill lost transportation revenues, which experienced significant declines due to COVID-19. Previously agreed upon projects were funded and investments were maintained in several important programs:

- Transportation Improvement Board: **\$224 million**
- Safe Routes to Schools: **\$36.7 million**
- Bicycle and Pedestrian Safety Grants: **\$32.6 million**

Con: Did not pass a transportation revenue package, despite efforts by both House and Senate Transportation leaders.

Fiscal flexibility:

Provide cities greater flexibility to use funds from existing revenue sources to help cities manage the impacts of the current economic downturn.

Pro: Passed **HB 1069** allowing temporary flexibility with certain existing restricted revenues, including the Real Estate Excise Tax (REET).

Con: Heard but did not act on **HB 1362** that would allow up to a 3% increase to the property tax cap, based on population and inflation.

Housing stability assistance:

Work in a coalition to develop additional resources to address housing instability created by the economic impacts of the COVID-19 pandemic.

Pro: Provided **\$1 billion** for rental and utility assistance.

Pro: Passed **HB 1277** that adds \$100 to document recording fees to provide **\$292 million** in homelessness prevention and rapid rehousing programs.

Pro: Created the Eviction Prevention Rental Assistance Program through **HB 1277**.

Pro: Provided **\$187 million** for foreclosure prevention assistance.

Pro: Appropriated **\$31 million** for **SB 5160's** eviction prevention services, including:

- Tenant protections from pandemic nonpayment of rent under the moratorium
- The requirement to offer a payment plan
- A court-based eviction resolution program

Statewide policing reforms:

Support local control over city law enforcement policies to meet the needs of each community, while recognizing the need for certain statewide reforms.

Pro: Passed **HB 1054** and **HB 1310** creating statewide standards for use of force that also protect the rights of local jurisdictions to enact more restrictive standards.

Pro: Passed **SB 5051** that:

- Expands grounds for decertification of law enforcement officers to include use of force violations;
- Establishes a database to track officers who have been fired for misconduct; and
- Creates a requirement that officer misconduct investigations be completed once begun.

Pro: Passed **SB 5066**, establishing a duty to intervene for all law enforcement officers who witness excessive use of force or misconduct by a fellow officer.

Pro: Passed **SB 5055** to reform police grievance arbitration with new arbitrator requirements within the Public Employment Relations Commission (PERC).

Pro: Invested **\$814,000** in three pilot programs to assist with behavioral health and suicide prevention services for law enforcement officers.

Pro: Funded 15 classes for the Basic Law Enforcement Academy.

Con: Did not fund the Criminal Justice Training Commission (CJTC) training app. Funding would have lowered expenses for local jurisdictions by reducing travel and time away from regular duties.

Con: Failed to fund the impacts on cities of **SB 5476** (Blake response) for the prosecution of misdemeanors and the costs of diverting people to treatment.

Other significant issues:

Cities identified several significant policies to focus on during the 2021 session.

Pro: Authorized a property tax-based Tax Increment Financing tool to fund public infrastructure that helps drive economic development.

Pro: Funded the Public Works Trust Fund with **\$129 million** for competitive loans and provided other needed infrastructure funding. This is the largest investment since the 2009-11 biennium.

Pro: Provided more than **\$400 million** for broadband enhancement programs.

Pro: Enhanced and provided broader access to the Multifamily Tax Exemption program through **SB 5287**.

Pro: Provided unprecedented levels of funding for homeless and affordable housing programs and services, including:

- **\$175 million** for the Housing Trust Fund
- Nearly **\$120 million** in capital investments for rapid rehousing grants and housing and homelessness projects
- **\$42 million** for utility improvement or connection grants to local entities to support affordable housing

Con: Failed to act on **HB 1056** to make needed modifications to the emergency provisions of the Open Public Meetings Act.

Con: Failed to pass **HB 1117** and **HB 1099**, reforms to the Growth Management Act (GMA) on salmon recovery and climate.

Con: Failed to fund amendments to GMA Housing Element in **HB 1220**.

Biennial Budget Highlights

Operating:

- State shared revenues including full funding of cannabis revenue
- \$20 million assistance to cities for police reform costs
- Establishes Office of Independent Investigations
- Funding for *Blake* response – no direct city funding
- Rental & utility assistance, foreclosure & eviction prevention funding

Capital:

- PWTF increased to \$129 million
- \$400 million in new funding for broadband expansion
- Energy efficiency upgrades for public buildings
- Increase in Housing Trust Fund
- Investments in low-income housing and shelters

Transportation:

- Significant revenue shortfall
- Funding for fish passage barriers
- Funds previously agreed upon projects
- Maintains funding for several programs; TIB, Safe Routes to Schools; Bicycle and Pedestrian Safety Grants
- Two studies: JTC City Transportation equity study & City-owned Fish Passage Barrier Identification

Looking ahead to 2022

- 60-day session
- Election year
- Federal funding & supplemental budgets
- Transportation package?
- Continued remote access?
- Planning funding?

Cities & The American Rescue Plan Act (ARPA)

- \$1.9 trillion relief package that was passed in mid-March. Includes direct funding for American cities in response to the COVID-19 pandemic, up to \$1.1 billion for Washington cities.
 - Cities will receive first tranche this year. Second tranche will arrive in 2022.
 - Entitlement cities will receive funds directly from Treasury. Non-entitlement cities will receive funds through the state.
 - AWC has been consistently communicating updates with our members about accessing funds and spending requirements/restrictions.

How can ARPA funds be spent?

1. Public health response to COVID-19 emergency
2. Address the negative economic impacts caused by the public health emergency (public assistance)
3. Replace lost public sector revenue
4. Provide premium pay for essential workers
5. Invest in water, sewer, and broadband infrastructure

Cities' Reporting Requirements

- More details on reporting requirements are forthcoming.
- Nonentitlement cities will submit annual reports to Treasury by October 31 of each year.
- 2021 report will cover from the date of award to September 30, 2021. Report due October 31, 2021.
- Financial records and supporting documents must be kept for five years after all funds are expended.
- Cities will need to register with SAM.gov.

What's next with ARPA

- There are still a lot of questions without answers – still seeking clarification to the rules
- There are available federal funds for a variety of programs – avoid duplication and look for funding gaps
- Don't spend all your money right away
- Collect community input
- Document, document, document
- Remember the Congressional delegation
