Local Business Licensing Partnership Plan FY 2022 - 2023

January 1, 2022

SUMMARY

The 2022-2023 fiscal year Local Business Licensing Partnership Plan (plan) was prepared by the Department of Revenue (Department) to comply with chapter [35.90](#) RCW, which requires:

- Washington cities and towns that have general business licenses to join a combined licensing system (either FileLocal or Business Licensing Services (BLS)).
- The Department's BLS program to partner with all cities requiring a general business license between July 1, 2017, and December 31, 2022.
- The Department to create a two-year onboarding plan and submit the plan to the Legislature by January 1, 2022, and each even-numbered year thereafter (RCW [35.90.020\(4\)](#)).
- The Department to submit an annual progress report to the Legislature, beginning January 1, 2019, through January 1, 2028. The report must include the information specified in RCW [35.90.020\(8\)](#).

There are 281 incorporated cities and towns in Washington State. Of those, 226 issue local business licenses. By the end of FY21, BLS provided local licensing services for 174 cities, reducing the license renewal workload and saving businesses time with a one-stop solution. Ten cities currently participate with the FileLocal portal for local business and occupation (B&O) tax collection and business licensing.

This plan identifies the remaining 42 cities that committed to join the BLS partnership in FY22 and FY23, as well as the proposed quarterly implementation dates, to maintain progress toward the December 31, 2022, deadline.

2022-2023 FISCAL YEAR CITY PARTNER PLAN

BLS engaged all cities identified in this two-year plan by webinar, phone, and email. Every city has agreed in writing to the partnership schedule. The plan accommodates for the volume and complexity of city licenses while meeting the conditions of the legislation. Where practical, BLS coordinated the schedule to fit with city leadership requests. Implementation or "Go-Live" dates within the designated quarter and year will be set about three months in advance.

FY 2022 (32 cities total)

If the Department needs to alter the plan, we will provide affected cities at least 30 days' notice as required by the legislation. This plan assumes the Legislature continues to maintain increased funding for BLS to provide the Department with the necessary resources to continue onboarding all cities at an accelerated rate before the statutory deadline of December 31, 2022.

NEXT STEPS

Annual Progress Report

By January 1, 2023, the Department will submit a progress report to the Legislature as required by RCW [35.90.020\(8\)](#). The report will include a summary of accomplishments, a list of cities declining to pursue BLS partnership, descriptions of process improvements made, and recommendations to further simplify the process for issuing and renewing local business licenses in Washington State.
