AMENDATORY SECTION (Amending WSR 16-07-047, filed 3/14/16, effective 4/14/16)

WAC 458-20-169 Nonprofit organizations. (1) **Introduction.** Unlike the tax systems of most states and the federal government, Washington's tax system, including its primary business tax, applies to the activities of nonprofit organizations. Washington's business and occupation (B&O) tax is imposed on all entities that generate gross receipts or proceeds, unless there is a specific statutory exemption or deduction. This rule explains how the B&O, retail sales, and use taxes apply to activities often performed by nonprofit organizations. Although some nonprofit organizations may be subject to other taxes (e.g., public utility or insurance premium taxes on income from utility or insurance activities), these taxes are not discussed in this rule. The rule describes the most common B&O, retail sales, and use tax exemptions and deductions that are specifically provided to nonprofit organizations by state law. Other exemptions or deductions not specific to nonprofit organizations may also apply.

(a) **Examples.** This rule contains examples that identify a number of facts and then state a conclusion. These examples should be used only as a general guide. The tax results of other situations must be determined after a review of all facts and circumstances.

(b) **Other rules that may be relevant.** Rules in the following list may contain additional relevant information for nonprofit organizations:

- (i) WAC 458-20-167 Educational institutions, school districts, student organizations, and private schools;
- (ii) WAC 458-20-168 Hospitals, nursing homes, assisted living facilities, adult family homes and similar health care facilities;
- (iii) WAC 458-20-183 Amusement, recreation, and physical fitness services;
- (iv) WAC 458-20-249 Artistic or cultural organizations; and
- (v) WAC 458-20-256 Trade shows, conventions and seminars.

(2) **Registration requirements.** Nonprofit organizations with \$12,000 or more per year in gross receipts from sales, and/or gross income from services subject to the B&O tax, or that are required to collect or pay to the department of revenue (department) retail sales tax or any other tax or fee which the department administers (regardless of the level of annual gross receipts) must register with the department. Nonprofit organizations with less than twelve thousand dollars per year in gross receipts and that are not required to collect retail sales tax or any other tax or fee administered by the department are not required to register with the department. For more information on whether registration with the department is required see WAC 458-20-101.

(3) **Filing excise tax returns.** Nonprofit organizations making retail sales that require the collection of retail sales tax must file an excise tax return, regardless of the annual level of gross receipts or gross income and whether or not any B&O tax is due. For information on when a taxpayer may qualify for a small business B&O tax credit, see WAC 458-20-104. The excise tax return with payment is generally filed on a monthly basis. Under certain conditions the department may authorize taxpayers to file and remit payment on either a quarterly or an annual basis. For information on how reporting frequencies are assigned to taxpayers see WAC 458-20-22801.

Nonprofit organizations that do not have retail sales tax to remit, but are required to register, do not have to file an excise tax return if they meet certain statutory requirements (e.g., annual gross income of less than \$28,000) and are placed on an "active nonreporting" status by the department. For additional information on whether an organization qualifies for the "active nonreporting" status see WAC 458-20-101.

(4) **General tax reporting responsibilities.** While Washington state law provides some tax exemptions and deductions specifically for nonprofit organizations, these organizations otherwise have the same tax-reporting responsibilities as for-profit organizations.

(a) **Business and occupation tax.** Chapter 82.04 RCW imposes a B&O tax on every person with substantial nexus in Washington (see RCW 82.04.067) engaged in business activities within this state, unless the income is specifically exempt or deductible under state law. The B&O tax applies to the value of products, gross proceeds of sales, or gross income of the business, as the case may be. RCW 82.04.220.

(i) **Common B&O tax classifications.** Chapter 82.04 RCW provides a number of classifications that apply to specific activities. The most common B&O tax classifications applying to income received by nonprofit organizations are the retailing, wholesaling, and service and other activities classifications. RCW 82.04.250, 82.04.270, and 82.04.290. If an organization engages in more than one kind of business activity, it must report the gross income from each activity under the appropriate tax classification. RCW 82.04.440(1).

(ii) **Measure of tax.** The most common measures of the B&O tax are "gross proceeds of sales" and "gross income of the business." RCW 82.04.070 and 82.04.080, respectively. These measures include the value proceeding or accruing from the sale of tangible personal property or services rendered without any deduction for the cost of property sold, cost of materials used, labor costs, discounts paid, delivery costs, taxes, losses, or any other expenses.

(b) **Retail sales tax.** A nonprofit organization must collect and remit retail sales tax on all retail sales, unless the sale is specifically exempt by statute. Examples of retail sales tax exemptions that may apply to nonprofit organizations are those for sales of certain food products (see WAC 458-20-244, Food and food ingredients), construction materials purchased by a health or social welfare organization for new construction of alternative housing to be licensed as a family foster home for youth in crisis (see RCW 82.08.02915), and fund-raising activities (see subsection (5)(g) of this rule). New construction includes renovating an existing structure to provide new housing for youth in crisis.

A nonprofit organization must pay retail sales tax when it purchases goods or retail services for its own use as a consumer, unless the purchase is specifically exempt by statute. Items purchased for resale without intervening use are purchases at wholesale and are not subject to the retail sales tax if the seller takes from the buyer a copy of the buyer's reseller permit. The reseller permit documents the wholesale nature of any sale. Reseller permits replaced resale certificates effective January 1, 2010. For additional information on reseller permits see WAC 458-20-102.

(c) **Use tax.** The use tax is imposed on every person, including nonprofit organizations, using tangible personal property within this state as a consumer, unless such use is specifically exempt by statute. The use tax applies only if retail sales tax has not previously

been paid on the item. The rate of tax is the same as the sales tax rate that applies at the location where the property is first used.

A common application of the use tax occurs when items are purchased from an out-of-state seller who has no presence in Washington. When the out-of-state seller does not collect Washington's retail sales or use tax, the buyer is statutorily required to remit use tax directly to the department. For more information on use tax and the use of tangible personal property see WAC 458-20-178.

Except for fund-raising, use tax exemptions generally correspond to retail sales tax exemptions. For example, the use tax exemption for construction materials acquired by a health or social welfare organization for new construction of alternative housing for youth in crisis, to be licensed as a family foster home (RCW 82.12.02915) corresponds with the retail sales tax exemption described in subsection (4)(b) of this rule for purchasing these construction materials.

(i) **Use tax exemption for donated items.** RCW 82.12.02595 provides a use tax exemption for personal property donated to a nonprofit charitable organization. This exemption is available for the nonprofit charitable organization and the donor, if the donor did not previously use the personal property as a consumer. It also applies to the use of property by a donor who is incorporating the property into a nonprofit organization's real or personal property for no charge.

The exemption also applies to another person using property originally donated to a charitable nonprofit organization that is subsequently donated or bailed to that person by the charitable nonprofit organization, provided that person uses the property in furtherance of the charitable purpose for which the property was originally donated to the charitable nonprofit organization. For example, a hardware store donates an industrial pressure washer to a nonprofit community center for neighborhood cleanup, the community center bails this washer to people enrolled in its neighborhood improvement group for neighborhood clean-up projects. No use tax is due from any of the participants in these transactions. An example of a gift that would not qualify is when a car is donated to a church for its staff and the church gives that car to its pastor. The pastor must pay use tax on the car because it serves multiple purposes. It serves the church's charitable purpose, but it also acts as compensation to the pastor and is available for the pastor's personal use. The subsequent donation of property from the charity to another person must be solely for a charitable purpose. If the property is donated or bailed to the third party for a charitable purpose in line with the nonprofit organization's charitable activities, generally, no additional proof is required that this was the charitable purpose for which the property was originally donated.

(ii) **Use tax implications with respect to fund-raising activities.** Subsection (5)(g) of this rule explains that a retail sales tax exemption is available for certain fund-raising sales. However, there is usually no comparable use tax exemption provided to the buyer/user of property purchased at these fund-raising sales. While the nonprofit organization is not obligated to collect use tax from the buyer, the organization is encouraged to inform the buyer of the buyer's possible use tax obligation.

(iii) From October 1, 2013, through October 8, 2015, RCW 82.12.225 provided a use tax exemption for the use of any article of personal property, valued at less than ten thousand dollars, purchased or received as a prize in a contest of chance, as defined in RCW 82.04.285, from a nonprofit organization or a library. Effective Octo-

ber 9, 2015, chapter 32, Laws of 2015 3rd Sp. Sess. (ESB 6013), the exemption applies to qualifying personal property valued at less than twelve thousand dollars. This exemption only applies if the gross income from the sale by the nonprofit organization or library is exempt under RCW 82.04.3651. This exemption is scheduled to expire July 1, 2020.

(5) **Exemptions.** The following sources of income are specifically exempt from tax. As such, they should not be included or reported as gross income if the organization is required to file an excise tax return.

(a) **Adult family homes.** RCW 82.04.327 exempts from B&O tax amounts received by licensed adult family homes or adult family homes that are exempt from licensing under rules of the department of social and health services.

(b) **Nonprofit assisted living facilities.** RCW 82.04.4262 exempts from B&O tax amounts received by a nonprofit assisted living facility licensed under chapter 18.20 RCW for providing room and domiciliary care to residents of the assisted living facility. Nonprofit assisted living facilities were formerly known as "nonprofit boarding homes" in the statute.

(c) **Camp or conference centers.** RCW 82.04.363 and 82.08.830 respectively exempt from B&O tax and retail sales tax amounts received by a nonprofit organization from the sale or furnishing of certain items or services at a camp or conference center conducted on property exempt from the property tax under RCW 84.36.030 (1), (2), or (3). For information about property tax exemptions that may apply see: WAC 458-16-210 (Nonprofit organizations or associations organized and conducted for nonsectarian purposes); WAC 458-16-220 (Church camps); and WAC 458-16-230 (Character building organizations).

Amounts received from the sale of the following items and services are exempt:

(i) Lodging, conference and meeting rooms, camping facilities, parking, and similar licenses to use real property;

(ii) Food and meals;

(iii) Books, tapes, and other products, including electronically transferred items, available exclusively to the participants at the camp, conference, or meeting and not available to the public at large.

(d) **Child care resource and referral services.** RCW 82.04.3395 exempts from B&O tax amounts received by nonprofit organizations for providing child care resource and referral services. Child care resource and referral services do not include child care services provided directly to children.

(e) **Credit and debt services.** RCW 82.04.368 exempts from B&O tax amounts received by nonprofit organizations for providing specialized credit and debt services. These services include:

(i) Presenting individual and community credit education programs including credit and debt counseling;

(ii) Obtaining creditor cooperation allowing a debtor to repay debt in an orderly manner;

(iii) Establishing and administering negotiated repayment programs for debtors; and

(iv) Providing advice or assistance to a debtor with regard to (i), (ii), or (iii) of this subsection.

(f) **Day care provided by churches.** RCW 82.04.339 exempts from B&O tax amounts received by a church for the care of children of any age for periods of less than twenty-four hours, provided the church is exempt from property tax under RCW 84.36.020.

(g) **Fund-raising.** RCW 82.04.3651 and 82.08.02573, respectively, exempt from B&O tax and retail sales tax amounts received from certain fund-raising activities.

These exemptions apply only to the fund-raising income received by the nonprofit organization. For example, commission income received by a nonprofit organization selling books owned by a for-profit entity on a consignment basis is exempt from tax only if the statutory requirements are satisfied. The nonprofit organization is generally responsible for collecting and remitting retail sales tax on the gross proceeds of sales when selling items for another person. For additional information on the taxability of sales by agents, auctioneers and other similar types of sellers see WAC 458-20-159.

(i) **What nonprofit organizations qualify?** Nonprofit organizations that qualify for this exemption are those that are:

(A) A tax-exempt nonprofit organization described by section 501 (c)(3) (educational and charitable), 501 (c)(4) (social welfare), or 501 (c)(10) (fraternal societies operating as lodges) of the Internal Revenue Code; or

(B) A nonprofit organization that would qualify for tax exemption under section 501 (c)(3), (4), or (10) except that it is not organized as a nonprofit corporation; or

(C) A nonprofit organization that does not pay its members, stockholders, officers, directors, or trustees any amounts from its gross income, except as payment for services rendered, does not pay more than reasonable compensation to any person for services rendered, and does not engage in a substantial amount of political activity. Political activity includes, but is not limited to, influencing legislation and participating in any campaign on behalf of any candidate for political office.

(ii) **Qualifying fund-raising activities.** For the purpose of this exemption, "fund-raising activity" means soliciting or accepting contributions of money or other property, or activities involving the anticipated exchange of goods or services for money between the soliciting organization and the organization or person solicited, for furthering the goals of the nonprofit organization.

(A) Money raised by a nonprofit charitable group from its annual telephone fund drive to fund its homeless shelters where nothing is promised in return for a donor's pledge is exempt as fund-raising contributions of money to further the goals of the nonprofit organization.

(B) A nonprofit group organized as a community playhouse has an annual telephone fund drive. The group gives the caller a mug, jacket, dinner, or vacation trip depending on the amount of pledge made over the phone. The community playhouse does not sell or exchange the mugs, jackets, dinners, or trips for cash or property, except during this pledge drive. The money is used to produce the next season's plays. The money earned from the pledges is exempt from both B&O tax and retail sales tax to the extent these amounts represent an exchange of goods and services for money to further the goals of the nonprofit group. The money earned from the pledges above the value of the goods and services exchanged is exempt as a fund-raising contribution of money to further the goals of the nonprofit organization.

(C) A nonprofit group sells ice cream bars at booths leased during the two-week runs of three county fairs, for a total of six weeks during the year, to fund youth camps maintained by the nonprofit group. The money earned from the booths is exempt from both B&O tax

and retail sales tax as a fund-raising exchange of goods for money to further the goals of the nonprofit group.

(iii) **Contributions of money or other property.** The term contributions includes grants, donations, endowments, scholarships, gifts, awards, and any other transfer of money or other property by a donor, provided the donor receives no significant goods, services, or benefits in return for making the gift. For example, an amount received by a nonprofit educational broadcaster from a group that conditions receipt on the nonprofit broadcaster airing its seminars is not a contribution regardless of how the amount paid is titled by the two organizations.

It is not unusual for the person making a gift to require some accountability for how the gift is used as a condition for receiving the gift or future gifts. Such gifts remain exempt, provided the "accountability" required does not result in a direct benefit to the donor (examples of direct benefits to a donor are: Money given for a report on the soil contamination levels of land owned by the donor, medical services provided to the donor or the donor's family, or market research benefiting the donor directly). This "accountability" can take the form of conditions or restrictions on the use of the gift for specific charitable purposes or can take the form of written reports accounting for the use of the gift. Public acknowledgment of a donor for the gift is not a significant service or benefit.

(iv) **Nonqualifying activities.** Fund-raising activity does not include the operation of a regular place of business in which services are provided or sales are made during regular hours such as a bookstore, thrift shop, restaurant, legal or health clinic, or similar business. It also does not include the operation of a regular place of business from which services are provided or performed during regular hours such as the provision of retail, personal, or professional services. A regular place of business and the regular hours of that business depend on the type of business being conducted.

(A) In the example demonstrating that an amount received by a nonprofit broadcaster was not a contribution because services were given in return for the funds, this activity must also be examined to see whether the exchange was for services as part of a fund-raising activity. The broadcaster is in the business of broadcasting programs. It has a regular site for broadcasting programs and broadcasts twenty-four hours every day. Broadcasting is a part of its business activity performed from a regular place of business during regular hours. The money received from the group with the requirement that its seminars be broadcast would not qualify as money received from a fund-raising activity even though the parties viewed the money as a "donation."

(B) A nonprofit organization that makes catalog sales throughout the year with a twenty-four hour telephone line for taking orders has a regular place of business at the location where the sales orders are processed and regular hours of twenty-four hours a day. Catalog sales are not exempt as fund-raising amounts even though the funds are raised for a nonprofit purpose.

(C) A nonprofit group organized as a community playhouse has three plays during the year at a leased theatre. The plays run for a total of six weeks and the group provides concessions at each of the performances. The playhouse has a regular place of business with regular hours for that type of business. The concessions are done at that regular place of business during regular hours. The concessions are not exempt as fund-raising activities even though amounts raised from

the concessions may be used to further the nonprofit purpose of that group.

(D) A nonprofit student group, that raises money for scholarships and other educational needs, sets up an espresso stand that is open for two hours every morning during the school year. The espresso stand is a regular place of business with regular hours for that type of business. The money earned from the espresso stand is not exempt, even though the amounts are raised to further the student group's nonprofit purpose.

(v) **Fund-raising sales by libraries.** RCW 82.04.3651 provides that the sale of used books, used videos, used sound recording, or similar used information products in a library is not the operation of a regular place of business, if the proceeds are used solely to support the library. The library must be a free public library supported in whole or in part with money derived from taxes. RCW 27.12.010. In addition to the B&O tax exemption under RCW 82.04.3651, RCW 82.08.02573 provides a comparable retail sales tax exemption for the same sales made by a library.

(h) **Group training homes.** RCW 82.04.385 exempts from B&O tax amounts received from the department of social and health services for operating a nonprofit group training home. The amounts excluded from gross income must be used for the cost of care, maintenance, support, and training of developmentally disabled individuals. As defined in RCW 71A.22.020, a nonprofit group training home is an approved facility equipped, supervised, managed, and operated on a full-time nonprofit basis for the full-time care, treatment, training, and maintenance of individuals with developmental disabilities.

(i) **Sheltered workshops.** RCW 82.04.385 also exempts from B&O tax amounts received by a nonprofit organization for operating a sheltered workshop.

(i) **What is a sheltered workshop?** A sheltered workshop is that part of the nonprofit organization engaged in business activities that are performed primarily to provide evaluation and work adjusted services for a handicapped person or to provide gainful employment or rehabilitation services to a handicapped person. The sheltered workshop can be maintained on or off the premises of the nonprofit organization.

(ii) **What is meant by "gainful employment or rehabilitation services to a handicapped person"?** Gainful employment or rehabilitation services must be an interim step in the rehabilitation process that is provided because the person cannot be readily absorbed into the competitive labor market or because employment opportunities for the person do not exist during that time in the competitive labor market.

"Handicapped," for the purposes of this exemption, means a physical or mental disability that restricts normal achievement, including medically recognized addictions and learning disabilities. However, this term does not include social or economic disadvantages that restrict normal achievement (e.g., prior criminal history or low-income status).

(j) **Student loan services.** RCW 82.04.367 exempts from B&O tax amounts received by nonprofit organizations that are exempt from federal income tax under section 501 (c)(3) of the Internal Revenue Code that:

(i) Are guarantee agencies under the federal guaranteed student loan program or that issue debt to provide or acquire student loans; or

(ii) Provide guarantees for student loans made through programs other than the federal guaranteed student loan program.

(k) **Grants received to fund education programs pertaining to litter control, waste reduction, recycling, and composting.** Effective July 24, 2015, RCW 82.04.755 provides a B&O tax exemption for grants received by a nonprofit organization from the matching fund competitive grant program established in RCW 70.93.180 (1)(b)(ii). This program provides funding for local or statewide education programs designed to help the public with litter control, waste reduction, recycling, and composting of primarily products upon which litter tax is imposed. For information on the state litter tax program, see chapter 82.19 RCW. The requirements for the grants are listed in RCW 70.93.180 (1)(b)(ii). Chapter 15, Laws of 2015 (ESHB 1060).

(6) **B&O tax deduction of payments made to health or social welfare organizations.**

(a) **Compensation from public entities.** RCW 82.04.4297 provides a B&O tax deduction to health or social welfare organizations for amounts received from the United States, any instrumentality of the United States, the state of Washington, or any municipal corporation or political subdivision of the state of Washington as compensation for or to support health or social welfare services, rendered by a health or social welfare organization, as defined in RCW 82.04.431, or by a municipal corporation or political subdivision. These deductible amounts should be included in the gross income reported on the excise tax return, entered on the deduction page, and then deducted on the return when determining the amount of the organization's taxable income. A deduction is not allowed, however, for amounts that are received under an employee benefit plan.

(b) **Mental health services or chemical dependency services under a government-funded program.** RCW 82.04.4277 provides a B&O tax deduction for health or social welfare organizations for amounts received as compensation for providing mental health services or chemical dependency services under a government-funded program.

(i) The following definitions apply to (b) of this subsection unless the context clearly requires otherwise:

(A) "Chemical dependency" has the same meaning as provided in RCW 70.96A.020;

(B) "Health and social welfare organization" has the meaning provided in RCW 82.04.431; and

(C) "Mental health services" and "behavioral health organization" have the meanings provided in RCW 71.24.025.

(ii) The deduction for amounts received as compensation for providing chemical dependency services under a government-funded program is effective April 1, 2016. Regional support networks, which are renamed behavioral health organizations effective April 1, 2016, may also deduct from the measure of tax amounts received from the state of Washington for distribution to health or social welfare organizations eligible to deduct the distribution under RCW 82.04.4277.

(iii) Persons claiming deductions under RCW 82.04.4277 must file an annual report with the department. ((See)) Refer to RCW 82.32.534 and WAC 458-20-267 for information regarding filing an annual report.

(iv) These deductions are scheduled to expire ((August 1, 2016)) January 1, 2020.

(c) **Child welfare services.** RCW 82.04.4275 provides a B&O tax deduction for health or social welfare organizations for amounts received as compensation for providing child welfare services under a government-funded program. Persons may also deduct from the measure of

tax amounts received from the state of Washington for distribution to health or social welfare organizations eligible to deduct the distribution under RCW 82.04.4275(1).

(d) **What is a health or social welfare organization?** A health or social welfare organization is an organization, including any community action council, providing health or social welfare services as defined in subsection (6)(e) of this rule. To be exempt under RCW 82.04.4297, a corporation must satisfy all of the following conditions:

(i) Be a corporation sole under chapter 24.12 RCW or a domestic or foreign not-for-profit corporation under chapter 24.03 RCW. A corporation providing professional services as authorized under chapter 18.100 RCW does not qualify as a health or social welfare organization;

(ii) Be governed by a board of not less than eight individuals who are not paid corporate employees when the organization is a not-for-profit corporation;

(iii) Not pay any part of its corporate income directly or indirectly to its members, stockholders, officers, directors, or trustees except as executive or officer compensation or as services rendered by the corporation in accordance with its purposes and bylaws to a member, stockholder, officer, or director or as an individual;

(iv) Only pay compensation to corporate officers and executives for actual services rendered. This compensation must be at a level comparable to like public service positions within Washington;

(v) Have irrevocably dedicated its corporate assets to health or social welfare activities. Upon corporate liquidation, dissolution, or abandonment, any distribution or transfer of corporate assets may not inure directly or indirectly to the benefit of any member or individual, except for another health or social welfare organization;

(vi) Be duly licensed or certified as required by law or regulation;

(vii) Use government payments to provide health or social welfare services;

(viii) Make its services available regardless of race, color, national origin, or ancestry; and

(ix) Provide access to the corporation's books and records to the department's authorized agents upon request.

(e) **Qualifying health or welfare services.** The term "health or social welfare services" includes and is limited to:

(i) Mental health, drug, or alcoholism counseling or treatment;

(ii) Family counseling;

(iii) Health care services;

(iv) Therapeutic, diagnostic, rehabilitative, or restorative services for the care of the sick, aged, physically-disabled, developmentally-disabled, or emotionally-disabled individuals;

(v) Activities, including recreational activities, intended to prevent or ameliorate juvenile delinquency or child abuse;

(vi) Care of orphans or foster children;

(vii) Day care of children;

(viii) Employment development, training, and placement;

(ix) Legal services to the indigent;

(x) Weatherization assistance or minor home repairs for low-income homeowners or renters;

(xi) Assistance to low-income homeowners and renters to offset the cost of home heating energy, through direct benefits to eligible households or to fuel vendors on behalf of eligible households; and

(xii) Community services to low-income individuals, families and groups that are designed to have a measurable and potentially major impact on causes of poverty in communities of the state of Washington; and

(xiii) Temporary medical housing, as defined in RCW 82.08.997, if the housing is provided only:

(A) While the patient is receiving medical treatment at a hospital required to be licensed under RCW 70.41.090 or at an outpatient clinic associated with such hospital, including any period of recuperation or observation immediately following such medical treatment; and

(B) By a person that does not furnish lodging or related services to the general public.
